2024 Season

As there are still large numbers of our Clubs and players who would like to continue with a printed handbook, we are happy to retain it for 2024 which is our 26th season as a County League.

We were delighted to welcome clubs from the Marches League last season and have been pleased with the seamless way in which they have integrated into our structure which is now one of the largest ECB County Leagues with 18 Divisions and almost 200 teams

The weather was not kind in 2023 with three weeks being totally washed out across the County and over 400 matches called off in total. It was also a particularly wet spring which made preparation difficult for the Groundstaff at our Clubs who worked very hard to get games played.

Once again the standard of cricket was high and there were some fantastic performances in 2023 which we are sure will be matched in 2024. We fully expect clubs to continue playing the game in a competitive but sporting manner showing respect for each other, the opposition and officials. It was disappointing to see a significant increase in the number of individual Discipline cases last year and we expect that to be rectified for the coming season. Clubs are encouraged to familiarise themselves with the ECB General Conduct Regulations (GCR) which have been widely distributed and are available on the League website.

We must congratulate Old Hill who were our Premier Division champions and won the play offs to earn their place in the Birmingham & District Premier League. Congratulations are also due to all of our other Divisional Champions and runners-up and we wish them luck as they take on new challenges this season. As usual, there has been a small re-shuffle for the divisions in 2024 with the addition of more regionalisation at the lower end. Sadly three Clubs have withdrawn one of their teams but we are pleased to welcome extra teams from Goodrich, Hagley, Himley, Oldswinford and Stone making the League our largest ever.

In order to provide the best service, we need the co-operation of all our Clubs and thank you all in advance for your help and support. Please keep your club details up to date on the Play-Cricket site and respond quickly when asked for information. Our Administrator, Stuart Lampitt, is always available to answer your questions and advise as required.

For the forthcoming season, we wish all clubs every success in providing entertaining and enjoyable cricket for all our players, umpires and spectators.

WORCESTERSHIRE COUNTY LEAGUE CLUB DECLARATION 2024

We, the undersigned Officers of Cricket Club agree on behalf of the Club, to the following important principles and behaviours relating to the Worcestershire County League.

- The club's annual subscription to Worcestershire County League and the annual affiliation fee (*Primary or Secondary*) to the Worcestershire Cricket Foundation must be paid before the first league fixture of the current season. (*The Club is aware that any points accrued during the period that the fees remain unpaid will not be credited*).

- The Club understands that by being a member of the Worcestershire County League it must deliver sound and effective Governance. To demonstrate this, the WCL Management Committee may ask the Club to produce any or all of the following documents;
 - i) *Club Constitution/Set of Rules*
 - ii) *Minutes of the last three meetings*
 - iii) *Copies of independently verified accounts for the previous three years*
 - iv) *Copy of up to date Club Insurance Policy covering a liability up to; £10m Employers Liability & £5m Public Liability.*

- The Club has read carefully and fully supports the League Rules, Registration Regulations, Administrative Procedures, General Conduct Regulations, Social Media policy and Playing Conditions of the League

- The Club understands that accreditation of Ground & Facilities and Youth Development is assessed and certified by a member of the Management Committee, according to the standards set by the League.

- The Club accepts that failure to meet the mandatory requirements listed in the Club Accreditation Document will ultimately result in relegation to the next lowest Division.

- The Club understands the process and timetable for collecting the information required to assess the current accreditation status of all Clubs.

- The club must comply with all administrative playing procedures including attendance at meetings, electronic scoring if required, result reporting via Play-Cricket.com and submission of an on-line captains' reports to the WCL portal.

- The Club must ensure that the contact details on their Play-Cricket site are listed and kept up to date with any changes to officers and Team Captains immediately ("About Us" and "Teams" sections)

- The Club accepts that failure to supply accurate information, when required, could jeopardise the Club's current accreditation status.

- The Club undertakes not to publish through the media, including the Internet, derogatory comments about the League, its Officers and Committee, Umpires, Scorers, other Clubs and Players.
- The Club accepts that it has the responsibility to meet any Health and Safety or Food Standards requirements placed upon its premises by the Local Authority.
- The Club will ensure that appropriate Public Liability Insurance (covering a liability up to £5m) is displayed in the Clubhouse.
- The Club recognises that it has a responsibility for the welfare of young cricketers in their teams and those in opposition teams. The Club will acknowledge this by working alongside its Primary Affiliated Governing Body (i.e.; For Worcestershire based clubs, the Worcestershire Cricket Foundation) to ensure it is fully compliant with the ECB Safe Hands Management System (SHMS) and current Club Mark accreditation schemes.
- The Club has adopted the ECB Anti-Discriminatory Code and the ECB Cricket Equity Policy and takes practical steps to comply with legislation relating to The Equality Acts 2010 and 2020.
- The Club accepts that the decisions of the Management Committee are final and binding following the Club's right of appeal.

Rules Of Worcestershire County League (Est. 1999)

1. Name

The name of the League shall be the Worcestershire County League (the League). The Management Committee may add the name of a sponsor if appropriate.

2. Aims and Objectives

- (a) To provide competitive, recreational, structured cricket for its member clubs.
- (b) To provide a cricket pathway to develop local cricketers.
- (c) To provide an opportunity for clubs to reach the highest level of Club cricket.
- (d) To provide support and encouragement for the training of players, coaches and officials.
- (e) To encourage clubs to maintain and improve their facilities.
- (f) To encourage high standards of discipline and behaviour within the "Spirit of Cricket".

3. Membership

- (a) Any cricket club wishing to join the WCL must apply in writing by 30th September in the season preceding the one in which they wish to join and include a statement based on the club's ability to fulfil all the appropriate criteria under the League's current Club Accreditation form as displayed on the league website. Following this the Management Committee may invite the club to be admitted to membership.
- (b) A club shall cease to be a member of the League if:
 - (i) It shall terminate its membership by notice in writing signed by its Chairman or Secretary to the Administrator to be received no later than the 30th September preceding the season end at which the club wishes to resign, or
 - (ii) It shall be expelled from membership by the Management Committee for gross misconduct. Any club resigning not in accordance with the foregoing may be subject to an admin fee as determined by the committee.
- (c) It is a condition of membership of the League that clubs shall be members of the England and Wales Cricket Board by virtue of their being members of their County Cricket Board.
- (d) Before the start of each season, the Chairman and Secretary or Delegate of each member club are required to sign a declaration, agreeing, on behalf of the Club, to all approved principles and behaviours determined by the League. Clubs failing to submit the declaration before the start of the season, will not be credited with any points until a signed copy is received by the Administrator.

4. Management Committee

- (a) The League shall be administered by a Management Committee as provided by this Rule.
- (b) The Management Committee shall comprise of 12 members elected by the clubs, the Treasurer and the Administrator of the League. One third of the 12 elected representatives shall retire each year, in rotation, and shall be eligible for re-election should they so wish.
- (c) Nomination of Management Committee members shall be made by notice in writing to the Administrator signed by the Chairman or Secretary of the nominating Club at least 35 days prior to the Annual General Meeting. The Committee member so nominated and elected in accordance with sub-clause (d) hereof shall remain in office for a period of 3 years unless he shall resign by notice in writing to the Administrator.
- (d) The Management Committee members shall be elected by a majority vote of those clubs present at the Annual General Meeting.
- (e) The Management Committee shall elect an Honorary Treasurer, who shall serve for a period of 3 years and be eligible for re-election should they so wish. The election should take place at a Management Committee Meeting to be held at least 40 days before the Annual General Meeting. The Honorary Treasurer may attend all Management Board meetings and be entitled to vote.
- (f) At the first Management Committee meeting following the Annual General Meeting, the Management Committee shall elect, from among its number, the following officers:-
 - (i) A Chairman, who will have a second or casting vote, if required.
 - (ii) Minuting Secretary, Disciplinary Adjudicator, Cricket Sub-Committee Chairman, Marketing & Development Sub-Committee Chairman and Facilities Sub-Committee Chairman, Umpires Sub-Committee Chairman, Disciplinary Sub-Committee Secretary and Umpires Sub-Committee Secretary.
 - (iii) Other officers and Sub-Committee Chairmen as deemed appropriate.
- (g) At every meeting of the Management Committee and Sub-Committees the Chairman of the meeting shall have a second or casting vote.
- (h) A League Welfare Officer should be appointed by the Management Committee. This officer may be an elected member of the Management Committee. If this is not the case the League Welfare Officer may be invited to attend Management Committee or Sub-committee meetings as appropriate.
 - (i) At a meeting of the Management Committee a quorum shall be five. At a meeting of a Sub Committee a quorum shall be three.
 - (j) The Management Committee may propose the appointment of a President for the forthcoming year. The Management Committee may

also propose the appointment of Vice-Presidents. These proposals must be approved by a majority vote at a general meeting.

- (k) The Management Committee shall have the power to co-opt additional membership as necessary to conduct the league's affairs. Any formally co-opted member shall be entitled to a vote.
- (l) The Administrator is appointed by the Management Committee and is an ex-officio member of all Committees and Sub-Committees.
- (m) The Management Committee shall have the following powers and responsibilities:
 - (i) To manage the League in accordance with these rules and playing conditions and in particular to determine: Fixture Lists Player registration Appointment of a Treasurer Appointment and remuneration of an Administrator Standards of grounds and facilities Conditions of play Umpiring policy Discipline standards and regulation Any other policies which may become necessary
 - (ii) To comply with all current ECB policies and directives (See Rule 8)
 - (iii) To create and delegate powers to sub-committees as required.

5. General Meetings

- (a) Notice of the Annual General Meeting shall be given in writing to all member clubs by the Administrator at least 56 days prior to the date of the meeting. Proposed alterations to these Rules must be submitted in writing to the Administrator at least 35 days prior to the Annual General Meeting. The Administrator shall give due notice of all such amendments to all member clubs at least 28 days prior to the Annual General Meeting.
- (b) The Annual General Meeting shall be held in November each year at a time and place to be fixed by the Management Committee for the following purposes:
 - (i) To receive from the Management Committee a general report of the preceding year's activities.
 - (ii) To receive from the Management Committee financial statements for the year to the preceding 30th September which are to include an Accountant's report.
 - (iii) To fix the membership subscription for the ensuing year.
 - (iv) To elect the Management Committee members for the ensuing year in accordance with Rule 4.
- (c) A Special General Meeting may also be called upon the requisition of any ten member clubs, in writing to the Administrator, stating the purposes for which the meeting is required. A Special General meeting may also be called by a majority of the Management Committee. In either case the meeting shall take place within 28 days of the requisition and member clubs shall receive at least 14 days' notice of such a meeting and the proposed agenda.

- (d) At every General Meeting each member Club and the Umpires Panel shall be entitled to be represented by two persons. All persons so present shall be entitled to speak at a General Meeting but on any resolution each member Club and the Umpires Panel represented shall only have one vote.
- (e) At every General Meeting the Chairman of the Management Committee shall take the Chair, but if he shall not be present, a Chairman of the Meeting shall be appointed from amongst the members of the Management Committee in attendance.
- (f) In the case of an equality of votes, the Chairman of a General Meeting shall have a second or casting vote.
- (g) At every General Meeting the quorum shall be 15 Clubs represented.
- (h) For the purpose of these Rules an Extraordinary Resolution shall be a Resolution passed at a General Meeting by a two-thirds majority of the member Clubs represented and voting.
- (i) Any Club which does not send a representative to attend the Annual General Meeting, any divisional meetings called that involve team(s) from their club, Resources Meeting, Captains' Meetings, or any other official meeting called by the Management Committee will automatically incur a fine or sanction for each meeting not attended in that year. This will be increased for each subsequent meeting not attended in that year. The amount of the fine or nature of the sanction will be determined by the Management Committee and published annually. Apologies will not be accepted.

6. Subscriptions

- (a) The annual subscription of each member Club for the ensuing year shall be decided at each Annual General Meeting with power for the Management Committee to levy a supplementary subscription as necessary. The annual subscription plus payment for cricket balls, dinner tickets and fines, MUST be paid to the Treasurer no later than the annual pre-season Resources meeting in April.
- (b) Subscriptions paid by the end of December following the AGM of that year will be eligible for a discretionary discount but only if there are no outstanding dues. Should any of these sums remain unpaid after the Resources meeting, the Committee reserves the right to allocate no match points to any teams of the offending club until the sums are paid in full. An invoice is to be raised for each club and records of non-payment advised in the minutes of Management Committee meetings.

7. Cricket Board Affiliation

All clubs must be affiliated to Worcestershire Cricket Foundation in order to participate in the Worcestershire County League. If the club is geographically situated outside the county of Worcestershire, the club must be primarily affiliated to the County in which the ground is situated and must hold a secondary affiliation to Worcestershire Cricket Foundation.

8. ECB Conditions

ECB requires clubs to play cricket in accordance with the ECB Code of conduct (available on the League website) and within the Spirit and Laws of Cricket. Clubs must adhere to the ECB Fast Bowling and Fielding directives for young cricketers. Clubs are expected to promote and ensure a duty of care to all who are involved in its activities by adopting and implementing the ECB "Safe Hands" Policy for Safeguarding Children in Cricket and any future versions of the Policy. Clubs are expected to support and promote the ECB Cricket Equity Policy and ECB anti-racism initiatives. The League is committed to Drug Free Cricket and adopts the ECB Anti-Doping Policy and Rules for all its activities. (All ECB policies can be viewed at www.ecb.co.uk)

9. Trophies

Any cups, shields or other trophies awarded to clubs must be carefully looked after and returned when requested by the Administrator. Clubs are responsible for insuring the league's trophies and will be charged with the costs of replacing any trophies that are lost.

10. Alteration of Rules

These Rules shall only be amended by an Extraordinary Resolution passed at a General Meeting.

11. Dissolution

If upon winding-up or dissolution of the League there remains, after the satisfaction of all debts and liabilities, any property or money, this shall not be distributed among member clubs but shall be transferred to the Worcestershire Cricket Foundation (or any successor organisation) as the Governing Body for recreational Cricket in Worcestershire.

26th ANNUAL GENERAL MEETING

Kidderminster Cricket Club

Tuesday 26th November, 2024 at 7:30pm
(all clubs must be in attendance)

Social Media Policy

It is pleasing to see that many Cricket Clubs and Club members are using Social Media applications such as "Facebook", "X" and "WhatsApp" groups to promote the activities of their clubs and to provide information for their players.

Sadly, however, abuse posted generally on Social Media is common so we are asking clubs to take responsibility for ensuring that their members do not engage in activities which may be seen as harassing, discriminatory, menacing, threatening, obscene, defamatory, or in any way objectionable or offensive towards other Clubs, Players, Umpires or League officials. Thankfully complaints are rare in our League but they are always dealt with as a Disciplinary matter and, if proven, a deduction of points and/or long player suspensions will result and the incident may be reported to the police for investigation under the Malicious Communications Act.

Please enjoy your use of Social Media but take care that others will not be offended by your postings. Don't share or retweet inappropriate material. Incidents of Cyberbullying or exploitation will be taken very seriously.

For some years we have included statements relating to the abuse of Social Media in the Club Accreditation documents which can be found on the League website. Clubs agree to these when they join the League and confirm their agreement annually by signing a Club Declaration document.

We ask for your co-operation to keep this unpleasant trend away from our League and our game.

For the purposes of this policy, Social Media includes all media (written or electronic), Club newsletters, match programmes, club or private websites, email, messaging, social networking (Facebook, X, Snapchat, Instagram, WhatsApp, Reddit, LinkedIn etc), chat, blog, video sharing (YouTube/Tik Tok) and other discussion groups.

Live Streaming Policy

Although a formal policy has not yet been approved by the Worcestershire County League Main Committee, the following England & Wales Cricket Board guidelines MUST be followed adhered to in order for a member club to stream a live Worcestershire County League (any division).

- The club filming the game must obtain prior approval from both teams and the umpires
- Safe Hands Management Protocols must be followed
- Every effort MUST be made to ensure spectators are aware that filming is taking place.
- Ensure permissions are in place in time for the start of the match (including opposition team, umpires, scorers, etc)
- League's Social Media Policy must be fully observed
- Live streaming can be an extremely effective tool but it is not a DRS system.
- Players or club officials videoing umpires on phones or cameras is not permitted at any time
- Clubs are responsible for the actions of their players.
- Cameras can be located in any position including on the sightscreen, subject to any Home ground regulations and agreement with the umpires operating in the Division

PLAYING DIRECTIVES (ALL FORMATS) 2024

1. Fixtures

- Save as may be otherwise decided by the Management Committee, each Member Club in each season, must fulfil its fixtures on such dates and at such venues determined by the Administrator. No switching of grounds is allowed without the express permission of the Administrator, and this will not be given on the day of the match in cases of bad weather.
- In the event of a fixture being unfulfilled for reasons other than bad weather or unforeseeable circumstances beyond the control of a Club, the Management Committee may award the match to the non-offending Club. The non-offending club shall be allocated 24 (WLD) OR 20 (WL) points and the offending club 0 points.
- If a Club cannot fulfil fixtures on a particular day the residual side(s) must play their fixtures in order of seniority i.e. 1st XI, 2nd XI, 3rd XI. In the interests of the League, clubs are expected to field eleven players in the 1st XI, at all times, even if it leaves lower teams short of numbers.
- If ANY side calls off a match for ANY reason other than weather at ANY time, they shall be liable to pay £50 to the league and the league will pass £45 of this sum on to the non-offending club. Once a side has conceded three matches in any season, the Disciplinary panel will consider if any further penalties are appropriate and whether the side should be allowed to continue in its' division for that season.

2. The Match

- 2.1 A team will be deemed to be late if less than seven members are present at the toss.(See Law 13.4 The Toss).
- 2.2 A team that is deemed to be late will forfeit the toss and the overs remaining at the re-scheduled start time will be divided equally between the two teams. The team claiming the toss will be deemed to have won the toss and, in the case of Win/Lose/Draw matches points will be allocated according to Playing Condition 9.
- 2.3 A match may not be cancelled without the consent of both captains and any home team that cancels a match without offering the visitors an opportunity to view the conditions, for themselves will be deducted 24 points in Win/Lose/Draw matches and (20 points in Win/Lose matches).
- 2.4 Normally, both teams must report to the ground before making a decision if conditions are fit for play. However, in the event of severe weather conditions, when there is no prospect of the match being played, the match may be called off, before the start, without the away team travelling, subject to the following conditions:
 - (i) The weather forecast and the weather conditions are such that the state of the pitch and/or the outfield means that there would be no chance of the game starting by the latest time allowable by the rules, even if the usual drying methods are employed.

- (ii) Captains of both teams agree by speaking together and not by any other form of communication.

Additionally, a captain may wish to invite an independent umpire to inspect the ground to confirm any decision. The inspecting umpire would be entitled to claim an attendance fee of £15.

The home club must report the abandonment of the fixture to the Administrator immediately after the decision to abandon has been made.

The home club must inform the appointed umpires that the fixture has been abandoned. Should they have cause to travel, they shall be entitled to claim the full attendance fee.

- 2.5 If a dispute occurs, prior to or on the day of the match, the away team retains the right to travel to inspect the ground, for themselves, but they will be responsible for paying the full attendance fee of both appointed umpires if the match is, subsequently, abandoned without a ball being bowled.
- 2.6 If this option is taken, the home team must attend, pending an inspection by the appointed umpires. If, subsequently, conditions are deemed fit and play commences, the umpires will report the facts to the Administrator, who will impose a penalty of 24 points in Win/Lose/Draw matches and 20 points in Win/Lose matches on the home team, subject to appeal.
- 2.7 If the decision to cancel is taken on the day before or on the day of the match and the away team has declined the invitation to view the conditions, for themselves, the appointed umpires should be informed immediately. They should be paid the full attendance fee if caused to travel.
- 2.8 Any team that concedes a match, once it has commenced, will be reported by the umpires to the Administrator. He will refer the matter to the League Disciplinary sub-committee who shall have the power to impose fines and/or points deductions if it finds that the concession is inappropriate and/or contrary to the Spirit of Cricket.
- 2.9 The following ECB Directives shall apply in all matches:
 - (i) Fast bowling directives
 - (ii) The safety guidance on the wearing of helmets by young players up to the age of 18
 - (iii) The guidance on fielding regulations for young players
 - (iv) The guidelines for junior players in open age cricket

Captains, team managers and umpires shall be responsible for ensuring the directives are followed. The captain of each side shall inform the umpires, prior to the commencement of the match, the names and relevant age group of any player under the age of 19 on 31st August of the previous year.

- 2.10 The minimum number of players to constitute a team is seven and any side that does not have this minimum number present within one hour after the scheduled start of a match is deemed to have conceded.

3. Ground and Facility Criteria

Clubs must meet the Ground and facility requirements for their respective division. These are fully detailed in a separate League Accreditation document available on the League website. Appointed umpire are asked to take these criteria into account when completing their match reports.

4. Balls

- 4.1 A new ball of the grade approved by the Management Committee and supplied by the League shall be used for each innings of each match. Both balls should be inspected by the captains at the toss. The away Captain shall choose the ball his team will bowl with. Home sides must ensure that a selection of at least four suitable spare balls of varying ages and use, are available to the Umpires and approved by both Captains at the toss. Clubs may wish to offer a new ball to replace one which is lost or damaged within the first 5 overs of an innings. Failure to supply the correct balls to the umpires, prior to the toss, may result in a points deduction.
- 4.2 At the end of each match, home clubs are advised to mark the used balls with the number of overs bowled in the relevant innings. This will assist captains and umpires with their selection of spare balls in future matches.
- 4.3 If the home side fails to provide new balls at the time of the toss, it shall forfeit the toss. The team claiming the toss will be deemed to have won the toss and, in the case of Win/Lose/Draw matches, points will be allocated according to Playing Condition 9.
- 4.4 If the side claiming the toss, elects to field, the match will be delayed until the new balls arrive. If the side claiming the toss, elects to bat, the match will start at the scheduled time and the fielding side shall bowl with a used ball throughout the innings. The ball to be used shall be selected by the umpires.

5. Umpires

- 5.1 All Panel members shall be members of ECB ACO.
- 5.2 When available, umpires shall be appointed by the Management Committee. Such umpires will each receive an allowance from the home club, the allowance to be decided by the Management Committee at the start of each season. Clubs must pay the umpires fees before the match commences. Fees are an attendance fee and must be paid even when no play is possible. The cost of the Umpire(s) shall be met equally by both Clubs but the fee(s) shall be paid by the home Club to the Umpire(s) before the commencement of the match. Umpires, at their discretion, may decide not to claim the full fee in the event of a match not starting.

In the event of an umpire standing alone, he shall receive 1.5 x the normal match fee.

- 5.3 All umpires should arrive at the ground at least 45 minutes before the scheduled start of the match, to confirm the completion of team sheets and any local conditions. They will also oversee the toss and should take the field five minutes prior to the opening delivery of each innings.

- 5.4 In all Win/Lose/Draw matches Umpires must wear a white coat/blouson, a white shirt and dark trousers (black or navy blue). Coat/blouson are optional according to the weather. A polo shirt may be worn, as an alternative. Where a pink ball is used the Umpires (where possible) should wear coloured clothing. Should one of the two standing umpires not carry coloured clothing then both Umpires MUST wear their white umpiring uniforms.
- 5.5 Where there is no umpire present at the commencement of a match, both sides should attempt, in the first instance, to find a suitable person to stand on their behalf. If this is not possible, a player from the batting side should stand at the bowler's end and another player from the batting side should stand at square leg. If the match commences late because there is no umpire present at the start, the playing time may be extended to cover the delay e.g. if a match commences 10 minutes late then all timings for intervals and the completion of innings shall be put back by 10 minutes.
- 5.6 The penalty runs provided for in Law 41 shall not apply in matches where there is no umpire appointed by the Management Committee.
- 5.7 Umpires should ensure that:
- i) When necessary, sight-screens are moved by the batting side.
 - ii) The outgoing and incoming batsmen cross on the field of play following the fall of a wicket.
 - iii) On the conclusion of an innings, the match is resumed punctually within 30 minutes.
 - iv) When the last over is commenced it shall always be completed, unless a result has been reached or the players have reason to leave the field.
- 5.8 Umpires are responsible for noting the times and duration of play which must be noted on the Umpires Report.
- 5.9 Umpires are asked to notify the Administrator of any match which is late starting.
- 5.10 The umpires shall be the sole judges of the fitness of the ground, weather and light for play. See ECB guidance on Ground, Weather and Light.
- 5.11 If at any time the umpires together agree that the conditions of ground, weather and light are so bad that there is obvious and foreseeable risk to the safety of any player or umpire, so that it would be unreasonable or dangerous for play to take place they should immediately suspend play, or not allow play to commence or to restart.
- 5.12 Any captain, player, groundsman or club official who attempts to contradict the umpires or adopt delaying tactics to prevent a prompt start or resumption of play will be reported to the Disciplinary sub-committee for dissent.
- 5.13 Umpires should only enter players' dressing rooms at the invitation of the captain.
- 5.14 Cricket bats should only be measured at the request of the opposing captain and should be measured when the batsman comes to the wicket.

5.15 At the conclusion of a match with panel umpires, Captains and Umpires MUST meet to discuss any issues that have arisen in the match. If an Umpire feels it necessary to report a player or Club to the League because of misconduct, then he should advise the Officials of the offending club prior to leaving the Ground.

6. Fielder Leaving the Field

6.1 If a fielder fails to take the field with his side at the start of the match or at any later time, or leaves the field during a session of play, the umpire shall be informed of the reason for his absence, and he shall not thereafter come on to the field during a session of play without the consent of the umpire. The umpire shall give such consent as soon as practicable.

6.2 If the player is absent from the field for longer than eight minutes, the following restrictions shall apply to their future participation in the match.

(i) The player shall not be permitted to bowl in the match until he has either been able to field, or his team has subsequently been batting, for the total length of playing time for which he was absent (hereafter referred to as penance time), subject to a maximum cumulative penance time of 90 minutes.

(ii) The player shall not be permitted to bat in the match until his team's batting innings has been in progress for the length of playing time that is equal to the unexpired penance time carried for-ward from the previous innings, subject to a maximum cumulative penance time of 90 minutes. However, once his side has lost five wickets in its batting innings, he may bat immediately.

6.3 For the purposes of directives 6.2 (i) and (ii), playing time shall comprise the time play is in progress excluding tea intervals, intervals between innings and official drinks intervals.

6.4 The restriction in directives 6.2 (i) and (ii) shall not apply if the player has suffered an external blow (as opposed to an internal injury such as a pulled muscle) whilst participating earlier in the match and has consequently been forced to leave the field or is consequently unable to take the field. "External blow" should be interpreted broadly to include, but not restricted to, such things as collisions with boundary boards, clashes of heads, heavy falls, etc. Nor shall the restriction apply if the player has been absent for very exceptional and wholly acceptable reasons (other than injury or illness).

6.5 In the event of a player already being off the field at the commencement of an interruption in play through ground, weather or light conditions, he shall be allowed to count any such stoppage time as playing time, provided that he personally informs the umpires when he is fit enough to take the field had play been in progress.

6.6 Similarly, if at the commencement of an interruption in play through ground, weather or light conditions or for other exceptional circumstances, a player is on the field or waiting to bat but still has some unexpired penance time remaining from a previous absence, he shall automatically be allowed to count any such stoppage time as playing time provided he returns to the field of play

immediately after the interruption or, in the case of a batsman, provided that he personally informs the umpires that he is fit to participate.

7. Scoring

- 7.1 The scorers should be totally under cover and the box (or room provided) should be of an acceptable standard, maintained inside and outside in good condition. The board should be clearly visible from the pavilion and throughout the field of play.
- 7.2 All Home Teams in the Premier Division and Division One shall provide a competent non-playing scorer who scores on-line. Away teams in the Premier Division and Division One shall provide a non-playing scorer who shall score either on-line or via traditional score-book method. All Home Teams in Divisions Two to Four shall provide a competent non-playing scorer who may score either on-line (if trained) or by traditional score-book method. A competent scorer is considered to be a person who:
- Has basic knowledge of the Laws of Cricket.
 - Has basic knowledge of scoring procedures.
 - Has a knowledge of umpires' signals and is able to communicate appropriately with umpires.
 - Is able to identify all individual players of the team for which they are scoring.
 - It would normally be expected that a competent scorer would be scoring on a regular basis and is likely to be aged 13 or over.
- 7.3 Scorers are urged to acknowledge umpires' signals by displaying a white or coloured disc or a light which can be clearly seen from the middle.

8. Team Sheets

- 8.1 At the start of the season the League will provide all clubs with a template for a team sheet which must be completed by the Home and Away teams before every match throughout the season.
- 8.2 Before the toss for innings, each captain must nominate his players and they may not, thereafter, be changed without the consent of the opposing captain.
- 8.3 The nominated players must be set out on a team sheet, a copy of which must be presented to the umpires and another copy which must be presented to the opposition captain at the toss. Both Captains must sign both team sheets to indicate that they know the respective ages of opposition players. A copy must be retained by the home club for inspection by the League on request.
- 8.4 Captains, wicket-keepers, Category 3 players (Overseas and Exempt) and players under the age of 19 years must be identified on the team sheet.
- 8.5 If it transpires, after the start of the match, that a mistake has been made on the team sheet (e.g. the same player is named twice) the match shall continue and the umpire shall report the facts to the Administrator. He shall have the power to deal with the matter himself or refer it to the Disciplinary sub-committee who will have the power to impose sanctions and penalties if they see fit.

- 8.6 The League will take action against clubs who attempt to add players who were originally selected in a “HIGHER” match on the same day and had become available due to its cancellation. No “Overseas” Category Three players can be allowed to play in any match below their club’s 1st XI without prior permission from the League administrator.
- 8.7 For the last 3 matches of the season, Clubs fielding established players from higher teams into their lower teams will be considered to be in breach of the “Spirit of Cricket” and should expect the League to take action. If there is any doubt, clarification and permission should be obtained from the League Administrator before the match.

9. MANKAD

- i) A warning must be given by the bowler in the first instance of a non-striker leaving his/her ground too early. Even if the wicket has been broken and the batter is out of his ground, the decision on this first occasion is ‘not out’
- (ii) The warning is given to the batter but it becomes a ‘team’ warning for the remainder of that innings
- (iii) The warning is to be relayed back to whole of the batting team so that all know and any players who subsequently stand as umpires are aware of the warning having been given
- (iv) Any batter after that is liable to this form of run-out dismissal.
- (v) This procedure is to be followed for each innings.

10. Umpires Reports

Umpires are required to:-

- i) record which side won the toss
- ii) report on the facilities provided for themselves and the scorers
- iii) report any failure to meet the required over-rate
- iv) mark the quality of the pitch and outfield
- v) report on the conduct of the match
- vi) report any other matter they deem relevant.

The form should be completed online via the League website no later than 5pm on the Tuesday immediately after the match.

11. Captains Reports

Captains are required to:-

- i) assess and mark the umpires
- ii) mark the quality of the pitch and outfield

The form should be completed online via the League website no later than 5pm on the Tuesday immediately after the match.

NOTE: If a Captain wishes to mark a pitch at 2, 1 or 0 (ie unsatisfactory, poor or dangerous) this should be reported to the Administrator and or Ground and Facilities sub-committee Chairman immediately after the match so that an inspection can be arranged.

12. Clothing

Appropriate clothing must be worn in all matches and it is recommended that advertising insignia regulations comply with those required by ECB for the First Class game. Details are available from the ECB website.

13. Teas

13.1 The player and any appointed umpire/s shall be responsible for providing their own tea.

13.2 A separate tea table must be laid for umpires and scorers.

14. League Tables

14.1 Teams will be ranked in a League Table according to the number of points awarded.

14.2 In the event of two or more sides finishing equal on points then in order to ascertain their respective finishing positions in their respective Divisions, both generally and for the purpose of promotion and relegation, the positions shall be determined in the following manner.

- i) The side with the most number of wins shall be placed higher.
- ii) If there are still two or more sides with an even number of points in equal position then the side with the most number of ties shall be placed higher.
- iii) If still equal, the team with the higher Runs Per Wicket Differential (RPWD) will be awarded the higher finishing position. RPWD is calculated in the following way; Runs scored/wickets lost – (minus) Runs conceded/wickets taken in all completed matches.

14.3 In the unlikely event of continued equality, the Management Committee may arrange a play-off match to decide the final positions with a toss to take place to determine the venue.

15. Reporting Results

The procedure for reporting results will be confirmed to clubs before the start of each season.

PLAYING CONDITIONS (WIN/LOSE/DRAW)

The Laws of Cricket (2017 code, 2nd Edition 2019) shall apply with the following exceptions where appropriate.

1. Duration
 - 1.1 Matches in the Premier Division shall start not later than 12 noon (11:30 am in April & September). Matches in Division One to Division 4 (inclusive) shall start not later than 12:30 pm (12 Noon in April and September). In all matches both fielding sides are required to bowl their overs at a rate of 4 minutes per over (with no further time allowances for wickets lost). If an innings has lasted for at least 35 overs Umpires (if appointed) or Captains (if there are no appointed umpires) should report the times to the administrator who will take action which could include deducting points after a first "grace" on a sliding scale of one point for the second breach and so on.
 - 1.2 A 30 minute tea interval shall be taken between innings unless weather conditions so dictate that it is appropriate, in the interests of time saving, to take tea during a weather break in the first innings. Umpires (if appointed) or Captains (if there are no appointed umpires) may vary the time at which the tea interval is taken if they agree. In this case, there shall be a 10 minute interval between innings unless the tea break coincides with the end of an innings when the 30 minute tea interval shall be concurrent.
 - 1.3 All matches will be of 100 overs play for the day. In an uninterrupted match, the duration of the first innings shall be 50 overs unless a declaration is made, or the innings is completed earlier based on 4 minutes per over.
 - 1.4 If a team batting first is dismissed or declares before their maximum overs allocation is completed, then any complete overs remaining will be available to both sides. The time allowed to bowl the new total of overs shall be calculated in accordance with the overs chart, allowing 4 minutes per over.
 - 1.5 If a team is dismissed (or a declaration is made) and tea is not ready, a 10 minute interval between innings shall be taken and play shall continue for a minimum of 15 overs or 50 minutes, whichever is the longer, unless a result has been obtained earlier. In this instance, the tea interval shall be reduced to 20 minutes.
 - 1.6 Allowances will be made for unavoidable breaks in play which are of a duration of five minutes or more and confirmed to the fielding captain and the batsman at the wicket at the time of the delay. Breaks of less than five minutes are to be ignored and no allowances made. Batsmen are expected to cross on the field of play at the fall of a wicket.
 - 1.7 There will be no allowances for drinks breaks and/or wickets taken during the innings. The only time to be allowed by the umpires is as identified in 1.6 above. Drinks breaks can be taken by the fielding team but this time will not

be taken off the innings time allocation in any innings (interrupted or not).

2. Delayed Starts and Interruptions

- 2.1 Where the start of a match is delayed due to inclement weather and the toss has not taken place, the number of overs available to each side shall be equal. The umpires shall reduce the number of overs per team by one over for every eight minutes of time lost between the scheduled start time and the actual start time. Providing the team batting first has received at least 20 overs, if subsequent interruptions mean that there is insufficient time for the team batting second to receive a minimum of 20 overs, either captain, at his request, may be given the opportunity to play to secure a win. Should a win not be secured, the match shall be deemed to be abandoned with no additional bonus points accrued following the request. (ie; Winning draw and Losing draw points are not available)
- 2.2 If rain falls after the toss but before the scheduled start, delaying the start, condition 2.1 above shall be applied.
- 2.3 No game shall start after 4:20 pm in the Premier Division and 4:50 pm (4:20 pm in April & September) in Divisions One to Four inclusive (Minimum 40 overs (160 minutes) plus 10 minute break between innings assuming tea has already been taken). For other scheduled starts, the time shown should be adjusted accordingly.
- 2.4 Where time is lost due to inclement weather after the start of the match, the number of overs to be played shall be reduced by one over for every full 4 minutes lost. The team batting first shall complete its initial allotted overs unless it is dismissed or opts to declare. The number of overs received by the team batting second shall be reduced. The cut-off time shall be calculated before the start of the innings by multiplying the number of overs remaining by 4 minutes.
- 2.5 If the first innings is completed prior to the scheduled or re-scheduled time for the start of the interval, any calculation relating to the revision of overs shall not be effective until an amount of time equivalent to that by which the second innings started early has elapsed.
- 2.6 If play is suspended during an over in the second innings, the number of full overs to be bowled shall be re-calculated and any balls not bowled in the incomplete over shall be added.
- 2.7 The umpires, in their calculations, shall aggregate all interruptions for bad weather and shall count all fractions of overs as complete overs.
- 2.8 If the first innings is interrupted due to inclement weather and time is lost, a target for a winning draw must be agreed by umpires, scorers and captains before the second innings starts.
- 2.9 If the second innings is interrupted, play may not resume until a revised

target for a winning draw has been agreed by the umpires, scorers and captains.

- 2.10 If it, subsequently, transpires that the target had been miscalculated, the original target will stand.
- 2.11 Every attempt should be made by all officials and players to play a match to a finish. Umpires are always advised that they should never start or re-start a match if rain is falling.
- 2.12 The Umpire(s) shall be the final judge(s) of the fitness of the ground, weather and light for play. (in accordance with Law 3 of cricket).
- 2.13 Where no Panel Umpires are in attendance and no suitable Umpires are available to stand, then before the Toss the two Captains should agree that they will be the final arbiters should a decision be required under Law 3.8(a). If after discussion the two Captains are unable to agree that conditions are playable then play must cease until conditions improve.

3. Number of Overs Per Bowler

- 3.1. No bowler may bowl more than 30% of the available overs (rounded up) in any innings up to a maximum of 15 overs in a 100 over match
- 3.2 In an interrupted match in the second innings, if, on resumption, a bowler has exceeded the new maximum number of overs permitted he shall not be allowed to bowl again in that innings. However, if an interruption occurs mid-over and on resumption the bowler has exceeded the new maximum allocation, he will be allowed to finish the incomplete over. In the event of a bowler breaking down and being unable to complete an over, the remaining balls will be bowled by another bowler. Such part of an over will count as a full over in so far as each bowler's limit is concerned.
- 3.3 The umpires shall, prior to the start of the innings, or on resumption of play after an interruption, advise the captains and scorers of the maximum number of overs available per bowler.

4. Over Rate Penalties

- 4.1 The captain of the fielding side is responsible for his team's over rate. He may check the rate with the umpires at any time during the innings.
- 4.2 The minimum over rate to be achieved by both teams will be 15 overs per hour and the following penalty point deduction shall apply during the season if this is not achieved;

1st Occasion - Grace (a warning from the Administrator)

2nd Occasion - One point deduction

3rd Occasion - Two point deduction

4th Occasion - Three point deduction

In the event of further reports, the points deduction will increase by one point for each report.

- 4.3 It is within the Spirit of the Game for the umpires to advise captains when they are falling behind the over rate, and, in addition, to advise them at the close of play that they will be notifying the Administrator via the Umpires' Report if they have failed to maintain an overall rate of 15 overs per hour. Failure by the umpires to comply with this clause shall not invalidate the deduction of points.
- 4.4 Time allowances will not be subject to retrospective negotiation. The umpires' decision shall be final and there will be no right of appeal.
- 4.5 There will be no penalty for slow over rates in any innings that lasts less than 20 overs or where a team is dismissed before the allocated end of innings time is reached.
- 4.6 In matches interrupted by inclement weather, the fielding team will be allowed one over's leeway to complete their allotted overs. ie; they must be in a position to bowl the first ball of the penultimate over by the re-scheduled cut off time.
5. Restriction on Placement of Fielders
In addition to Law 28.4, the following shall apply:-
 - 5.1 For each match there shall be an area bounded by two semi-circles centred on each middle stump, each with a radius of 30 yards and joined by a parallel line on each side of the pitch. The "boundary" of the fielding restriction area should be marked with white plastic or rubber discs (7" diameter) at intervals of no more than 8 yards (minimum of 29 discs required). Additionally, white painted dots or a continuous painted white line may be used. At the instant of delivery, no more than five fielders shall be permitted outside the field restriction area. In the event of an infringement, the striker's end umpire shall call and signal "No ball" and the score shall be adjusted in accordance with Law 21. An extra delivery in that over shall be allowed as a consequence.
 - 5.2 In the event of the striker's end umpire failing to call and signal "No ball" when the fielding restrictions have been breached, immediately the ball becomes dead, the striker may draw the matter to the attention of the umpire. If the striker's end umpire is able to verify the breach, he/she shall call and signal "No ball". If he/she is unable to verify the breach, he/she shall confirm that the events of the delivery shall be unchanged.

6. Wide Balls

- 6.1 Umpires are instructed to apply a consistent interpretation in regard to this Law in order to prevent negative bowling wide of the wicket. If the ball passes either side of the wicket, sufficiently wide to make it virtually impossible for the striker to play a 'normal cricket stroke' both from where he is standing or has stood at any point after the ball came in to play and from where he should normally be standing at the crease, the Bowler's end Umpire shall call and signal 'Wide Ball'. For guideline purposes, a leg side wide should be called if a ball passes on the leg side outside the pads of the batsman standing in a normal guard position.

In addition:-

- (i) For bowlers attempting to utilise the rough outside a batsman's leg stump, not necessarily as a negative tactic, the strict Limited Over Wide interpretation shall be applied.
 - (ii) For bowlers whom umpires consider to be bowling down the leg side as a negative tactic, the strict Limited Over Wide interpretation shall be applied.
- 6.2 If the striker plays a switch hit or reverse sweep or gets into a position to play such a shot, he shall be deemed to bring the ball equally within his reach on the leg side as on the off side. Consequently, in these circumstances there are no leg side wides with a switch hit, as per playing condition 6.1.

- 6.3 As a guideline to the umpires for the calling of wides on the offside the crease marking detailed in the diagram shall be marked in blue at each end of the pitch.

7. The Bowling of Fast Short-Pitched Balls

The following is not a substitute for Law 41.6 which umpires are able to apply at any time.

- 7.1 A bowler shall be limited to two fast short-pitched deliveries per over.
- 7.2 A fast short-pitched delivery is defined as a ball which passes or would have passed above the shoulder height of the striker standing upright at the popping crease. This ruling shall apply even if the striker may have contacted the ball with his bat, person and equipment.
- 7.3 The umpire at the bowler's end shall advise the bowler and the batsman on strike when each fast short-pitched delivery has been bowled.

- 7.4 In addition, for the purposes of this regulation and subject to condition 7.6 below, a ball that passes above head height of the batsman, that prevents him from being able to hit it with his bat by means of a normal cricket stroke shall be called a "No ball".
- 7.5 For the avoidance of doubt any fast short-pitched delivery that is called a "No ball" under this playing condition shall also count as one of the allowable short-pitched deliveries in that over.
- 7.6 In the event of a bowler bowling more than two fast short-pitched deliveries in an over (as defined in condition 7.2 above), the umpire at the bowler's end shall call and signal "No ball" on each occasion. A differential signal shall be used to signify a fast short-pitched delivery. The umpire shall call and signal "No ball" and then tap the top of his head with the other hand.
- 7.7 If a bowler delivers a third fast short-pitched ball in an over, the umpire, after the call of "No ball" and when the ball is dead, shall caution the bowler indicating that this is a first and final warning, inform the other umpire, the captain of the fielding side and the batsman at the wicket of what has occurred.
- 7.8 Should there be any further instance by the same bowler in that innings, the umpire shall call and signal "No ball" when the ball is dead and direct the captain to take the bowler off forthwith. If necessary, the over shall be completed by another bowler, who shall neither have bowled the previous over, or part thereof, nor be allowed to bowl the next over, or part thereof.
- 7.9 The bowler thus suspended shall not be allowed to bowl again in that innings.
- 7.10 The umpire will report the occurrence to the other umpire, the batsmen at the wicket and, as soon as possible, to the captain of the batting side.
- 7.11 At the end of the match, the umpires will then report the matter to the Administrator who shall take such action as is considered appropriate against the captain and the bowler concerned.
8. The Bowling of Dangerous and Non-Pitching Deliveries
- 8.1 Any delivery, regardless of pace, which passes or would have passed, without pitching, above waist height of the striker standing upright at the popping crease, is to be deemed "unfair". If the bowler bowls such a delivery, the umpire shall immediately call and signal "No ball". If the umpire determines that the delivery is likely to inflict physical injury on the striker, he shall deem the delivery to be "dangerous" and will adopt the procedure laid down in Law 41.7. An appointed umpire may issue a "first and final" warning or where any dangerous delivery is deemed a deliberate act, this will result in the bowler being withdrawn immediately for the remainder of the match. Captains and umpires should report instances of "deliberate and dangerous" deliveries via the portals.

9. POINTS

NOTE: Any results OR ADJUSTMENTS “agreed” between Captains which are not strictly calculated according to the procedures laid down in these playing conditions may be set aside and re-calculated at the discretion of the Administrator/ Cricket Chairman.

Points shall be awarded as follows:

Uninterrupted Matches

- 9.1 For the winning side that elects to field - 20 points with no further bonus points. However, if a side “claims” the toss and fields, 24 points will be awarded should they win the match.
- 9.2 For the winning side in all other instances – 24 points (with no further bonus points)
- 9.3 For a tie (or draw with scores equal) – 8 points each (plus bonus points)
- 9.4 For a loss - 0 points (plus bonus points)
- 9.5 For a winning draw in an uninterrupted match when both sides receive the same number of overs;
 - (i) 10 points (plus bonus points) awarded to the side batting first, when the score of the side batting second is less than, or equal to, 80% of the score of the side batting first.
 - (ii) 8 points (plus bonus points) awarded to the side batting first, when the score of the side batting second is more than 80% of the score of the side batting first.
- 9.6 For a winning draw in an uninterrupted match when both sides do not receive the same number of overs,
(i.e.;) when the side batting first has declared;
 - (i) 10 points (plus bonus points) awarded to the side batting first, if the average run rate of the side batting second is less than, or equal to, 80% of the average run rate, scored in the first innings.
 - (ii) 8 points (plus bonus points) awarded to the side batting first, if the average run rate of the side batting second is more than 80% of the average run rate, scored in the first innings.
- 9.7 For a losing draw - 2 (plus bonus points).

Abandoned and Interrupted Matches

- 9.8 Match not started or abandoned after fewer than 20 overs of second innings. - 5 points each plus bonus points
- 9.9 For a winning draw in an interrupted match when both sides do not receive the same number of overs, due to an interruption after the match has commenced

- 10 points (plus bonus points) awarded to the side batting first, if the side batting second fails to score more than 80% of the average runs per over, scored in the first innings and uprated in accordance with 9.16 below , provided that at least 20 overs have been bowled in the second innings.

- 8 points (plus bonus points) awarded to the side batting first, if the side batting second scores more than 80% of the average runs per over scored in the first innings and uprated in accordance with 9.16 below , provided, provided that at least 20 overs have been bowled in the second innings.

- 8 points (plus bonus points) awarded to the side batting second that earns a winning draw, due to a faster run rate provided at least 20 overs have been bowled in the second innings.

9.10 for a draw where average run rates per over are equal = 5 each side (plus bonus points).

9.11 for a losing draw = 2 (plus bonus points).

To calculate the average runs per over divide the total runs scored by the number of actual overs and balls received. Part overs should be calculated using the following decimals:

1 ball =	0.1667 overs
2 balls =	0.3333 overs
3 balls =	0.5 overs
4 balls =	0.6667 overs
5 balls =	0.8333 overs

This method of calculation is used when an innings is curtailed or declared, this is the same in both interrupted and uninterrupted matches. To calculate the average runs per over when a side is bowled out, divide the total runs scored by the number of overs that were available to the batting side, as adjusted by the umpires if appropriate.

Except where one side has won, a match shall be declared "No Result" unless each team completes 20 overs. Earned bonus points shall count.

After the 1st innings, any interruption or whenever it is felt necessary, Umpires, Captains and Scorers must be in agreement on targets needed to win or obtain a winning draw in a match before play re-commences.

Bonus Points

9.12 Batting and bowling bonus points are only available when a minimum number of 10 overs have been bowled in an innings

9.13 Batting and bowling bonus points shall be awarded as shown in the table in 9.14.

Note i) Should the batting side play with less than eleven players due to either a player or players being absent, or leaving the field through illness, injury or other cause so that his/their innings cannot be completed, and the remainder of the side are dismissed before the last ball of the day, then the batting side shall be considered 'all out' and the bowling side shall receive maximum bowling points.

Note ii) See Law 25.4 (Batsman leaving the field) – 'retired – not out'

9.14 In the event of a delayed start reducing the total number of overs in a match or a reduction in the number of overs available to the side batting second due to an interruption in the 1st innings the thresholds for bonus points shall be pro-rated according to the number of overs available at the start of the innings as detailed in the following table;

- In a match where a positive result is not obtained because of adverse weather conditions:
- Providing the last over due in the match has been bowled (regardless of any overs that may have been lost for previous interruptions), then the result will be a draw with bonus points, if applicable, in accordance with the conditions set out above.
- If the side batting second has not received more than 20 overs (unless there is a result earlier), then 5 points are due to each side for an abandoned match (plus any bonus points which may have been earned).
- If the side batting second receives more than 20 overs, but the last over in the match has not been bowled, the match will be classed as abandoned as a draw. Each side shall retain its bonus points plus points for a winning or losing draw.
- If a match is abandoned without a ball being bowled, each side receives 5 points.
- In reduced over matches, if a win is not secured, the result shall be based on the side with the higher overall scoring rate based on:
 - (i) team declared - runs divided by overs received, otherwise
 - (ii) runs divided by overs allocated.

Formula using the Roberson/Tansell method for calculating the target for a winning draw when the side batting second receives fewer overs than the side batting first due to time being lost in Win/Lose/Draw matches.

EXAMPLE A

(100 Over Match) - 1st Innings Score = 222 for 7 (50 overs) / 2nd Innings reduced to 30 overs

Use the calculation grid below to apply the Roberson/Tansell uplift in 2nd Innings run rate formula; $(E \times 1.2)$; to calculate the target for a winning draw and the 80% target which determines either a 10 or 8 point winning draw;

A	Total runs scored in 1st Innings	222
B	Total overs bowled in 1st Innings	50
C	1st Innings Run Rate (A ÷ B)	4.44
D	Overs to be bowled at team batting second at start of the innings	30
E	Difference in overs received by team batting second (B – D)	20
F	Percentage increase in 2nd Innings Run Rate (E x 1.2)	(20 x 1.2) = 24%
G	Uplifted Run Rate for team batting 2nd (C x F)	4.44 x 124% or 1.24 = 5.506 (5.51)
H	Target for winning draw (team batting 2nd (D x G)	30 x 5.51 = 165.3
I	80% target for team batting 2nd to decide 10 or 8 pt winning draw	165.3 x 0.8 = 132.24 (133)

Note: i) The run rate of both the first and second innings shall be calculated to two decimal places and the target shall be rounded upwards to the nearest run.

Note: ii) The run rate and the target shall be agreed by both scorers and umpires prior to the start of the innings and once agreed shall be final.

Note: iii) The run rate and the target should be re-calculated for every interruption up to the twentieth over of the second innings

Use the blank calculation grid below to apply the Roberson/Tansell uplift in 2nd innings run rate formula; (E x 1.2); to calculate the target for a winning draw and the 80% target which determines either a 10 or 8 point winning draw in your current match.

A	Total runs scored in 1st Innings	
B	Total overs bowled in 1st Innings	
C	1st Innings Run Rate ($A \div B$)	
D	Overs to be bowled at team batting second at start of the innings	
E	Difference in overs received by team batting second ($B - D$)	
F	Percentage increase in 2nd Innings Run Rate ($E \times 1.2$)	
G	Uplifted Run Rate for team batting 2nd ($C \times F$)	
H	Target for winning draw (team batting 2nd ($D \times G$))	
I	80% target for team batting 2nd to decide 10 or 8 pt winning draw	

Formula for calculating the 80% target when a side batting second receives more overs than the side batting first, due to a declaration or a dismissal.

EXAMPLE B

1st Innings Score = 275 for 8 declared (47 overs) – $C = 5.85^*$

2nd Innings increased to 53 overs

$I = 5.85 \times 53 \text{ overs} = 310.05 \times 80\% = 310.05 \times 0.8 = 248.04$

Therefore, 80% target = **249**

EXAMPLE C

1st Innings Score = 189 all out (40 overs) – $C = (189 / 50) = 3.78^{**}$

2nd Innings increased to 60 overs

$D = 3.78 \times 60 \text{ overs} = 226.80 = 226.80 \times 80\% = 181.44$

Therefore, 80% target = **182**

*Run rate based on total runs scored divided by number of overs received

**Run rate based on total runs scored divided by number of overs available at the start of the innings

If there is an interruption in the 2nd innings;

The original run rate calculated (C) is still used to recalculate with revised overs total for innings.

Recalculate H & I with revised overs total for innings.

Always calculate the cut off time for the 2nd innings (overs remaining x 4 minutes).

PLAYING CONDITIONS (WIN/LOSE)

The Laws of Cricket 2017 code (2nd Edition 2019) shall apply with the following exceptions where appropriate.

1. Duration

- 1.1 Matches shall be limited to 100, 90 or 80 overs with the proviso that the side batting first shall receive not more than 50, 45 or 40 overs. 100 over matches are played in the Premier Division to Division 4. 90 over matches are played in Division 5 to Division 9 (North, Central & South) and 80 over matches are played in Division 10 (North, East, South/East & South/West). Overs may be reduced due to inclement weather or unforeseen circumstances but, in any event, the number of overs available to each team at the start will be equal.
- 1.2 Matches in the Premier Division shall start no later than 12 noon (11:30 am in April and September), matches in Division One to Division 8 (North, East, South, West) shall start not later than 12:30 pm (12 Noon in April and September) and 1:00 pm in Division 9 (North & South) (or otherwise as determined by the Management Committee). Fielding sides are required to bowl their overs at a rate of 4 minutes per over (with no further time allowances for wickets lost). If this over rate is not achieved penalty runs may be applied and, umpires (or captains if there are no appointed umpires) should report the time taken to the administrator who may take further action.
- 1.3 A 30 minute tea interval shall be taken between innings unless weather conditions so dictate that it is appropriate, in the interests of time saving, to take tea during a weather break in the first innings. Umpires (if appointed) or Captains (if there are no appointed umpires) may vary the time at which the tea interval is taken if they are in agreement. In this case, there shall be a 10 minute interval between innings unless the tea break coincides with the end of an innings when the 30 minute tea interval shall be concurrent.
- 1.4 The captain of the batting side may not declare his innings closed at any time during the course of the match. Should the side batting first be bowled out before the overs it is entitled to have received been completed, the side batting second shall be entitled to bat for 50 (45 or 40) overs or as reduced due to inclement weather or other cause.
- 1.5 If a team is dismissed and tea is not ready, a 10 minute interval between innings shall be taken and play shall continue for a minimum of 15 overs or 60 minutes, whichever is the longer, unless a result has been obtained earlier. In this instance, the tea interval shall be reduced to 20 minutes in duration.
- 1.6 Allowances will be made for unavoidable breaks in play which are of a duration of five minutes or more and confirmed to the fielding captain and the batsman at the wicket at the time of the delay. Breaks of less than five minutes are to be ignored and no allowances made. Batsmen are expected to cross on the field of play at the fall of a wicket.
- 1.7 Drinks intervals shall be agreed with the umpires by the fielding captain prior to the start of each innings. Two drinks intervals per innings are permitted but no allowance shall be provided for them.

- 1.8 A scheduled cessation time for each innings shall be fixed prior to its commencement by applying the provisions of conditions 1.1 to 1.7 as appropriate.
- 1.9 Play may continue after the scheduled or re-scheduled close of play, subject to conditions of ground, weather and light, until the required number of overs has been bowled or a result achieved.

2. Matches With No Delays or Interruptions

- 2.1 If the team bowling first fails to bowl the required number of overs by the scheduled time for the cessation of the first innings, play shall continue until the required number of overs has been bowled and condition 5 shall apply.
- 2.2 If the team bowling second fails to bowl the required number of overs by the scheduled time for the cessation of the second innings, the hours of play shall, subject to conditions of ground, weather and light, be extended until the required number of overs has been bowled or a result has been achieved and condition 5 shall apply.

3. Delayed Starts and Interruptions

- 3.1 Where the start of a match is delayed, the number of overs available to each side shall be equal. This shall be calculated on the basis of one over lost for each side per 8 minutes.
- 3.2 In the Premier Division no game may start after 4.20 pm (12:00noon original start, minimum 40 overs plus 10 minute break between innings, assuming tea has already been taken). For other scheduled starts, the times shown should be adjusted accordingly.
- 3.3 If the interruption takes place during the first innings, then the number of overs shall be arranged so that both teams have the opportunity of batting for the same number of overs, (minimum 20 overs per side).
- 3.4 Should calculations regarding the number of overs result in a fraction of an over, the fraction shall be ignored. In the event of a suspension occurring in the middle of an over, the number of total overs to be bowled in the match will be calculated as if the over in progress at the time of the interruption has been completed.
- 3.5 The team batting second shall not bat for a greater number of overs than the team batting first unless the latter completed its innings in less than its allocated overs.
- 3.6 A fixed time will be specified for the commencement of the interval, and also the close of play for the match, by applying a rate of four minutes per over in respect of each over already bowled and/or scheduled to be bowled in each innings. All relevant delays, interruptions in play and the duration of the interval will be taken into account.
- 3.7 If there is more than one interruption to the innings of the side batting first, the above calculations should always be based on the original scheduled close of play, rather than the rescheduled close resulting from the previous interruption.

- 3.8 If a fielding team fielding fails to bowl the revised number of overs by the specified time, play shall continue subject to conditions of ground, weather and light until the required number of overs has been bowled or the innings is completed and condition 5 shall apply.
- 3.9 If, after interruptions in the first innings, there remains insufficient time to allow the side batting second to receive at least 20 overs and for the team batting first to complete their innings in full, the number of overs to be received by the team batting first is limited (i.e. cut-off) to no less than 20 overs so that the team batting second may receive the minimum of 20 overs.
- 3.10 Providing the team batting first has received at least 20 overs, if subsequent interruptions mean that there is insufficient time for the team batting second to receive a minimum of 20 overs, either captain, at his request, may be given the opportunity to play to secure a win. The target score to win and thresholds for batting and bowling bonus points will be based upon 20 overs received. Should a win not be secured, (ie target achieved or bowled out) the match shall be deemed to be abandoned with no additional bonus points accrued following the request.
- 3.11 When the first innings has been completed, in less than the scheduled time allowed, and the second innings is suspended, due to poor weather or bad light, time "saved" from the first innings should be taken into account. In this instance, when play is suspended in the second innings, there will be no reduction of playing time until the expiration of the "saved" time from the first innings, e.g. if 15 minutes were "saved" in the first innings, there will be no overs reduction, in the second innings, until 15 minutes has expired. A second innings can never exceed its original overs allocation.
- 3.12 If play is suspended during an over in the second innings, then when the remaining number of overs is calculated before a resumption of play, any balls not bowled in the incomplete over shall be added to the new number of overs.
- 3.13 Where no Panel Umpires are in attendance and no suitable Umpires are available to stand, then before the Toss the two Captains should agree that they will be the final arbiters should a decision be required under Law 3.8(a). If after discussion the two Captains are unable to agree that conditions are playable then play must cease until conditions improve.
- 3.14 Every attempt should be made by all officials and players to play a match to a finish. Umpires are always advised that they should never start or re-start a match if rain is falling.
- 3.15 The Umpire(s) shall be the final judge(s) of the fitness of the ground, weather and light for play. (in accordance with Law 3 of cricket.)
- 4. Number of Overs Per Bowler**
- 4.1 No bowler may bowl more than one fifth (rounded up) of the total allowed. (eg.in 50 overs innings, maximum is therefore 10, in 45 over games it would be 9 and in 40 overs, 8).

- 4.2 In the event of a reduction in overs after the commencement of the match, the maximum number of overs allowed per bowler will be calculated in accordance with condition 4.1 above.
- 4.3 When an interruption occurs mid-over and on resumption the bowler has exceeded the new maximum allocation, he will be allowed to finish the incomplete over.
- 4.4 In the event of a bowler being incapacitated or suspended and being unable to complete an over, another bowler shall complete the over from the same end, provided that he does not bowl two overs consecutively, nor bowl parts of each of two consecutive overs in that innings. Such part of an over shall count as a full over only insofar as each bowler's limit is concerned.
- 4.5 The ECB Fast Bowling Directives may affect the above over limitations.

5. Over Rate Penalties

- 5.1 All sides are expected to be in position to bowl the first ball of the last of their 50 overs within 3 hours and 20 minutes playing time. (45 overs within 3 hours, or 40 overs within 2 hours 40 minutes. Timings will be recalculated following interruptions)
- 5.2 *All teams MUST be in a position to bowl the final over of an innings within the allocated time (as in 5.1 above). If not in position, the remaining quota of incomplete overs shall be bowled, and for each incomplete over remaining a penalty of six runs per over shall apply. All penalty runs shall be awarded immediately after the ball first ball becomes dead after the scheduled or re-scheduled cessation time for the innings. Should penalty runs be awarded in the second innings of the match and the total number awarded helps the batting team to achieve the first innings target, the innings shall be deemed closed, and the result shall be recorded as a win to the batting team.*
- 5.3 If the innings is terminated before the scheduled or re-scheduled cut off time no over rate penalty shall apply. If the innings is interrupted, the over rate penalty will apply based on the re-scheduled cessation time for that innings.
- 5.4 Play must not continue until the umpires and scorers are satisfied that the score is correctly displayed on the scoreboard.
- 5.5 The umpires shall inform the fielding team captain when taking the field for the first time and on every subsequent occasion if play is interrupted by the weather, the scheduled closing time for that innings. The umpire at the bowler's end will inform the fielding captain, the batsman and his fellow umpire of any time allowances as and when they arise. (This matter will not be subject to retrospective negotiation).
- 5.6 Over rate penalties apply only to innings of 20 overs or more duration.

This is the only penalty for a slow over rate

6. Restriction on Placement of Fielders

- 6.1 At the instant of delivery there may be no more than five (5) fielders on the leg side. In the event of any infringement of any of the following fielding restrictions the square leg umpire shall call and signal 'no-ball'.

For Premier Division to Division 4 matches only

- 6.2 There shall be an area bounded by two semi-circles centred on each middle stump, each with a radius of 30 yards and joined by a parallel line on each side of the pitch. The "boundary" of the fielding restriction area should be marked with white plastic or rubber discs (7" diameter) at intervals of no more than 8 yards. (minimum of 29 discs required). Additionally white painted dots or a continuous painted white line may be used.

At the instant of delivery:

- (i) **Powerplay 1** – no more than two fieldsmen shall be permitted outside this fielding restriction area. In an in-nings of 50 overs, these are overs 1 to 10 inclusive.
 - (ii) **Powerplay 2** – no more than four fieldsmen shall be permitted outside this fielding restriction area. In an in-nings of 50 overs, these are overs 11 to 40 inclusive.
 - (iii) **Powerplay 3** – no more than five fieldsmen shall be permitted outside this fielding restriction area. In an innings of 50 overs, these are overs 41 to 50 inclusive.
- 6.3 In circumstances when the number of overs of the batting team is reduced, the number of overs within each phase of the innings shall be reduced in accordance with the agreed table.
- 6.4 If play is interrupted during an innings and the table applies, the Powerplay takes immediate effect even if the interruption has occurred mid-over.

For Division 5 & Below

6.5 There shall be an area bounded by two semi-circles centred on each middle stump, each with a radius of 30 yards and joined by a parallel line on each side of the pitch. The “boundary” of the fielding restriction area should be marked with white plastic or rubber discs (7” diameter) at intervals of no more than 8 yards (minimum of 29 discs required). Additionally, white painted dots or a continuous painted white line may be used.

At the instant of delivery:

- i) **Powerplay 1** – no more than two fieldsmen shall be permitted outside this fielding restriction area. In an in-nings of 45 overs, these are overs 1 to 15 inclusive and in an innings of 40 overs, these are overs 1 to 13 inclusive.
- (ii) **Powerplay 2** – a minimum of four (4) fielders **MUST** be inside the inner ring at all times (not including the bowler or wicket keeper)
- 6.6 In circumstances when the number of overs of the batting team is reduced, the number of overs within each phase of the innings shall be reduced in accordance with the agreed table on the following page.
- 6.7 If play is interrupted during an innings and the table applies, the Powerplay takes immediate effect even if the interruption has occurred mid-over.

- 6.8 At the end of Powerplay 1 the umpire shall signal such commencement to the scorers by rotating his arm in a large circle.
- 6.9 In the event of an infringement of any of the above fielding restrictions, the square leg umpire shall call and signal “No ball”.
- 6.10 In the event of the striker’s end umpire failing to call and signal “No ball” when the fielding restrictions in this playing condition have been breached or when Law 28.4 has been breached (at the point of delivery, not more than two fielders other than the wicketkeeper shall be behind the popping crease on the on side), immediately the ball becomes dead the striker may draw the matter to that umpire’s attention. If the striker’s end umpire is able to verify the breach he shall call and signal “No ball”. If the striker’s end umpire is unable to verify the breach then he shall confirm that the events of the delivery shall be unchanged.

7. No Balls

- 7.1 The penalty for a No ball will be 1 run (plus an extra ball).
- 7.2 In addition to 7.1 above, the delivery following a No ball shall be a free hit for whichever batsman is facing it. This applies for all modes of No ball with the exception of a short-pitched delivery that passes or would have passed clearly over head height of the striker standing upright at the popping crease.
- 7.3 If the delivery for a free hit is not a legitimate delivery (any kind of No ball or a Wide ball), then the next delivery will become a free hit for whichever batsman is facing it.
- 7.4 For any free hit, the striker can be dismissed only under the circumstances that apply for a No ball even if the delivery for the free hit is called “Wide”.
- 7.5 Field changes are not permitted for free hit deliveries unless there is a change of striker or the No ball was the result of a field restriction breach in which case the field may be changed to the extent of correcting the breach. However, in all circumstances, any fielder within 15 yards of the striker may retreat to a position on the same line no more than 15 yards from the striker.

- 7.6 The umpires will signal a free hit by (after the normal No ball signal) extending one arm straight upwards and moving it in a circular motion.

8. Wide Balls

- 8.1 Umpires are instructed to apply a consistent interpretation in regard to this Law in order to prevent negative bowling wide of the wicket.
- 8.2 As a guideline to the umpires for the calling of wides on the offside the crease marking detailed in the diagram printed below shall be marked in blue at each end of the pitch.
- 8.3 A wide ball shall be called if, irrespective of where the ball pitches, it passes on the leg side of the striker and the leg stump, despite the striker's movement. (For additional clarity, a ball that passes between the batsman and the leg stump shall not be called a wide. If a ball is hit by the batsman or if a ball hits any part of his equipment, it shall not be called a wide, irrespective of where it pitched or would have passed.)
- 8.4 If the striker plays a switch hit or a reverse sweep or gets into a position to play such a shot, he shall be deemed to bring the ball equally within his reach on the leg side as on the off side. Consequently, in these circumstances 8.3 shall not apply and the guidance given in 8.2 shall apply on both the off side and the leg side.

9. The Bowling of Fast Short-Pitched Balls

- The following conditions are not a substitute for Law 41.6 which umpires are able to apply at any time.
- 9.1 A bowler shall be limited to one fast short-pitched delivery per over.
- 9.2 A fast short pitched delivery is defined as a ball which passes or would have passed above the shoulder height of the striker standing upright at the popping crease. This ruling shall apply even if the striker may have made contact with the ball with his bat, person and equipment.
- 9.3 The umpire at the bowler's end shall advise the bowler and the batsman on strike when each fast short pitched delivery has been bowled.
- 9.4 In addition, for the purposes of this regulation and subject to 7.6 below, a ball that passes above head height of the batsman, that prevents him from being able to hit it with his bat by means of a normal cricket stroke shall be called a "No ball".
- 9.5 For the avoidance of doubt any fast short pitched delivery that is called a

“No ball” under this playing condition shall also count as one of the allowable short pitched deliveries in that over.

- 9.6 In the event of a bowler bowling more than one fast short pitched delivery in an over as defined in 9.2 above, the umpire at the bowler’s end shall call and signal “No ball” on each occasion. A differential signal shall be used to signify a fast short pitched delivery. The umpire shall call and signal “No ball” and then tap the top of his head with the other hand.
- 9.7 If a bowler delivers a second fast short pitched ball in an over, the umpire, after the call of “No ball” and when the ball is dead, shall caution the bowler, indicating that this is a first and final warning, inform the other umpire, the captain of the fielding side and the batsman at the wicket of what has occurred. This caution shall apply throughout the innings.
- 9.8 Should there be any further instance by the same bowler in that innings, the umpire shall call and signal “No ball” when the ball is dead and direct the captain to take the bowler off forthwith. If necessary, the over shall be completed by another bowler, who shall neither have bowled the previous over, or part thereof, nor be allowed to bowl the next over, or part thereof.
- 9.9 The bowler thus suspended shall not be allowed to bowl again in that innings.
- 9.10 The umpire will report the occurrence to the other umpire, the batsmen at the wicket and, as soon as possible, to the captain of the batting side.
- 9.11 At the end of the match, the umpires will then report the matter to the Administrator who shall take such action as is considered appropriate against the captain and the bowler concerned.

10. The Bowling of Dangerous And Non-Pitching Deliveries

- 10.1 Any delivery, regardless of pace, which passes or would have passed, without pitching, above waist height of the striker standing upright at the popping crease, is to be deemed “unfair”. If the bowler bowls such a delivery, the umpire shall immediately call and signal “No ball”. If the umpire determines that the delivery is likely to inflict physical injury on the striker he shall deem the delivery to be “dangerous” and will adopt the procedure laid down in Law 41.7. An appointed umpire may issue a “first and final” warning or where any dangerous delivery is deemed a deliberate act, this will result in the bowler being withdrawn immediately for the remainder of the match. Captains and umpires should report instances of “deliberate and dangerous” deliveries via the portals.

11. Result

- 11.1 A result can only be achieved if both teams have had the opportunity of batting for at least 20 overs, unless the team batting second has scored more runs than its opponents or has achieved its target score as hereinafter defined. The sole exception is detailed in 3.10 above.
- 11.2 Save as hereinafter provided a match shall be won by the team which has scored the most runs.

- 11.3 If, due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than that originally allotted (minimum of 20 overs), then a revised target score should be set for the number of overs which the team batting second will have the opportunity of facing.
- 11.4 The revised target is calculated by the Duckworth-Lewis method. A par score will be set for the second innings. If this is exceeded a win for the team batting second shall result. If the par score is equalled then scores are tied.
- 11.5 If a match is abandoned before it has been played to a conclusion and before the side batting second has received its allotted number of overs (providing that it has received not less than 20 overs, possible exception 3.10 above) the result should be decided by the Duckworth-Lewis method as determined and agreed by the captains, umpires and scorers.
- 11.6 If after the restart of play it is discovered that the wrong Duckworth-Lewis target had been set, the faulty target shall stand.
- 11.7 If the score of the team batting second surpasses the 'target score' at any time prior to the conclusion of its innings then the match shall be won by the team batting second but if bowled out earlier the match shall be won by the team batting first.
- 11.8 A match shall be tied if the scores are equal at the end of the match

Use of the Duckworth Lewis (DL) method to determine the result in Premier Division games after an interruption(s)

After any hold up in play, the umpires will notify the scorers of the number of overs lost and the scorers will perform the DL calculations required.

If the DL Manager is not the scorer, he/she must understand the DL method and must check the scorer's calculations.

The umpires are only responsible for recalculating the overs and giving these details to the scorers but they must both satisfy themselves as to the correctness of all such calculations before allowing further play to take place. It is the responsibility of the home team to provide the captains and umpires with a sheet showing the par score at the end of each over according to how many wickets have been lost. The sheet shall be produced at the beginning of the second innings in all 50 over matches and revised after every interruption with an amended sheet provided to each captain and the umpires.

From the beginning of the second(s) innings in all 50 over matches, the DL target score at the end of the over in progress shall be displayed on the scoreboard and updated whenever it changes.

Failure to carry out 5 and 6 above should be reported by the umpires to the Administrator. He, in turn, will report the facts to the Cricket and Disciplinary Sub-Committees who have the power to impose points and/or financial

penalties as they see fit.

Any dispute between the scorers and DL Manager as to the par score or any other DL matter shall in the first instance be referred to the captains who shall endeavour in good faith to resolve it. Only if the captains fail to reach agreement shall the matter in dispute be referred to the umpires whose decision shall be final.

Should DL not be available then the WCL Target calculator will apply and the umpires will report the facts to the Administrator of the League. He, in turn, will report the facts to the Cricket and Disciplinary Sub-Committees who have the power to impose points and/or financial penalties as they see fit.

Use of the Duckworth Lewis (DL) method to determine the result in all other Divisions after an interruption(s)

- 11.9 The revised target is to be calculated using the Play.Cricket Scorer Application (APP). This APP can be downloaded for free from the APP Store, Google Play or from the ECB Website. Other APPs are available such as Duckworth Lewis by David Thompson for iPads and the DL Calculator for Android created by Robert Fear but the Play.Cricket Scorer Application is the preferred choice of the WCL as it is guaranteed to be error free.
- 11.10 If a match is abandoned before it has been played to a conclusion and before the side batting second has received its allotted number of overs (providing that it has received not less than 20 overs) the result should be decided by using the Play.Cricket Scorer Application (APP)
- 11.11 If after the restart of play it is discovered that the wrong target had been set, the faulty target shall stand.
- 11.12 If the score of the team batting second surpasses the 'target score' at any time prior to the conclusion of its innings then the match shall be won by the team batting second but if bowled out earlier the match shall be won by the team batting first.

12. Points

NOTE – There are NO declarations allowed in Win/Lose matches.

Any results OR ADJUSTMENTS "agreed" between Captains which are not strictly calculated according to the procedures laid down in these playing conditions may be set aside and re-calculated at the discretion of the Administrator/ Cricket Chairman.

12.1 In all matches points shall be awarded as follows:

Uninterrupted Matches

- Win 20 points with no bonus points.
- Loss 0 points plus bonus points
- Tie (scores equal) 8 points plus bonus points.

Abandoned and interrupted matches

- Match not started 5 points each
- Match abandoned or curtailed after less than minimum of 20 overs of second innings - 5 points each plus bonus points.

- Win (side batting second does not achieve the target score)
Side batting first 20 points with no bonus points.
Side batting second 0 points plus bonus points.
- Win (side batting second surpasses the target score)
Side batting first 0 points plus bonus points
Side batting second 20 points with no bonus points.
- Tie (score of the side batting second equals the target score exactly)
8 points each plus bonus points

12.2 Bonus points will be awarded as follows:

- Batting and bowling bonus points are only available when a minimum number of 10 overs have been bowled in an innings
- Batting and bowling bonus points shall be awarded as outlined in the following table

Bonus Points in matches played in Division 5 and below.

- Batting and bowling bonus points are only available when a minimum number 10 overs have been bowled in an innings
- Batting and bowling bonus points shall be awarded as outlined in the following table.

Note;

(i). Should the batting side play with less than eleven players due to either a player or players being absent, or leaving the field through illness, injury or other cause so that their innings cannot be completed, and the remainder of the side are dismissed before the last ball of the day, then the batting side shall be considered 'all out' and the bowling side shall receive maximum bowling points.

ii). See Law 25.4 (Batsman leaving the field) - 'retired - not'

REGISTRATION PROCEDURE

Registration of all players will take place in accordance with ECB guidelines at a time designated by the Management Committee.

Every player registered to play in the League explicitly acknowledges, by virtue of his/her registration, the Rules of the League, the Playing Conditions, and, in particular, the powers of the League, in relation to conduct and disciplinary procedures, and undertakes to be bound by them. All players' data will be held electronically and may be disclosed to other appropriate cricket authorities as necessary.

The responsibility for registering a player shall be with the Club. The Administrator of the League will conduct random checks of team sheets and scorecards published on play-cricket.com throughout the season and he will report any infringements to the Disciplinary sub-committee, which has the power to deduct points and/or impose financial penalties and/or relegate teams as it sees fit.

No player may act as a substitute professional for a Club in any other League in the UK. If a player does accept such an engagement, his registration with a WCL Club will be cancelled, with immediate effect, and he will be ineligible to play for any WCL Club for the remainder of the season.

Playing Members

- (a) Only bona fide and properly registered members of Clubs shall be eligible to play in League and KO matches
- (b) No person shall be eligible to play in League matches for more than one Club per season without the consent of the WCL Management Committee. In addition, no person shall be allowed to play for more than one club in the West Midlands Regional cricket structure or for any WCL club having played for any other Premier League team in any season without prior permission from the WCL Management Committee. Where clubs are aware of, and have informed the League Administrator, that a student member has played or will play for a Premier League team in another part of the country in term-time, dispensation will be given to avoid affecting membership of WCL clubs. This dispensation will also be granted in reverse if necessary, without the consent of the League Management Committee.
- (c) Each Member Club shall supply to the League such particulars of its membership and of the persons playing for it in League matches as shall be required by the WCL Management Committee. It is the clubs' responsibility to ensure correct information is provided concerning periods of residence, etc on the Registration Forms and any club found guilty of serious registration breaches may be summarily relegated to the next lower division. Full details and ECB guidelines regarding players' categories for Contracted players, Overseas players and Overseas Amateur players are available in a separate section of this handbook or on the WCL website; www.worcscl.org Clubs must follow these procedures carefully.

- (d) To be eligible to play in the first match of the season a full list of players needs to be provided (and approved for registration by the WCL League Administrator) via the WCL play-cricket.com platform at least 7 days prior to their first league match.
- (e) In the WCL Premier Division to Division Four subsequent players (new registrations) MUST be registered at least 48 hours before playing. Teams in lower divisions may, in exceptional circumstances, field unregistered players provided that the League Administrator receives the on-line registration application within six days) of the match in which the unregistered player, played.
- (f) A player formally suspended from another Club or League shall be ineligible to play in any Worcestershire County League organised match for the period of suspension.
- (g) No League Club or any officer, member or supporter of a League Club shall during the season, approach a player belonging to or playing with another League Club with the object of obtaining his services without first consulting the Secretary of the Club with whom the player is or was last playing. Evidence of such approaches may, at the WCL Management Committee's discretion, result in disciplinary action being taken.

Clubs must register their players in one of the following categories:

Category 1: English Qualified Player or an Overseas 'Amateur' Player

A player qualified to play for England under the current ECB regulations or a player classed as an Amateur Overseas Player (not qualified to play for England) under the current ECB regulations but free to play in recreational cricket as a Category 1 player.

1. Clubs must satisfy, themselves, by checking evidence of any such player's continuous residence in UK, e.g. utility bills, council tax bills, entry and departure dates on passport.

2. In addition, every Category 1 Overseas Amateur Player 3 must sign a declaration form each year.,

This declaration may be obtained from the WCL Administrator and also downloaded from the League website www.worcscl.org/forms.htm

3. In the event of a player making a false declaration, the Club will, also, be liable to disciplinary action if it has failed to carry out all reasonable checks on the player's documentary evidence. Clubs will, therefore, be expected to keep a record of all such checks.

4. As there is a continuing need to verify that the criteria are met, Clubs must re-register all) Category 1 (Overseas Amateur) players, **each season**, providing evidence of their continuous residence in this country, otherwise they will be deemed to be Category 3 players.

5. If a) Category 1 (Overseas Amateur) player has, unavoidably, due to personal reasons, had to leave England and Wales for longer than the permitted period, the Administrator (along with the Cricket & Registrations Sub Committee

Chairman) will consider such player's application for continued Category 1 (Overseas Amateur) status and their decision shall be final.

6. A player who has a home in England or Wales and has been granted Category 1 (Overseas Amateur) status, who, subsequently, accepts a temporary work assignment, unconnected to cricket, in another country, may apply to reinstate his status immediately on his return. Approval is at the discretion of the WCL Administrator in communication with the Cricket & Registrations Sub Committee Chairman and may not be automatic.

7. A student may be granted Category 1 (Overseas Amateur) status subject to production of a Tier 4 Visa that provides evidence that he/she is a full time student attending a minimum three year course of study in a bona fide education establishment.

Category 2: Contracted Player

No Contracted Players are allowed to play in the Worcestershire County League with the exception of a Womens Super 8s player who shall be dealt with on a case by case basis.

Category 3: Overseas Player

A player not qualified to play for England under the current ECB regulations. The definition of an overseas player is as per ECB guidelines, a copy of which is held by the Administrator.

In relation to the registration of (Category 3 - Overseas Players);

As a direct result of the UK withdrawal from the European Economic Union (Brexit) the rules regarding entry in to the UK have now changed (in particular for those citizens who were previously classed as citizens of the EEA - European Economic Area) which now reads as follows;

1a) WITH evidence of EU Settlement status (pre-settled or settled) an EEU citizen can enter the UK for no longer than 6 months. Should he/she wish to play recreational cricket he/she MUST be classed as an amateur.

1b) WITHOUT evidence of EU Settlement status (pre-settled or settled) an EEU citizen cannot enter the UK without a Visa. Should he/she then wish to play recreational cricket he/she MUST be classed as an amateur.

In either case the registration category of the player (Category 1 or 3) will then be dependent on his/her residency over the past three years.

Clubs are advised that the Home Office has recently amended several of the Visa categories that players from overseas have previously used to be admitted entry in to the UK. This new information, after being issued by the Home Office has been passed on by the WCL to enable clubs who are looking to register an overseas player to understand which players will be allowed to play cricket and whether they will be classed as an Amateur Player or a Professorial Player.

Please go to the following webpage for further information;

<https://www.ecb.co.uk/governance/regulations/governing-body-endorsement/> and download the Home Office Visa document .pdf and the Overseas Players Amateur Professional Definitions .pdf document.

Neither the WCL or the ECB are qualified or allowed to give advice to clubs on Managed Migration therefore, clubs should be very cautious in attempting to register players from overseas. In relation to the registration of a Category 3 Player:-

1. If in doubt, please consult the League Administrator before you commit to anything.
2. Clubs must ensure that all relevant regulations are complied with and, if they are not, any such player will be deemed ineligible for registration.
3. Each club shall be permitted to register and play one Category 3 player, each season. For the definition and criteria of Overseas players please refer to the latest ECB guidelines and/or contact Emma Davis/Bidgood (Head of Managed Migration); emma.davisbidgood@ecb.co.uk

Clubs are advised that the United Kingdom Border Agency (UKBA) has amended several of the Visa categories that players have previously used to be admitted to UK. As a result of this, new information has been issued from the Home Office and passed on by the League, to enable clubs to understand which players will be allowed to play cricket and whether they are to be classed as Amateur or Professional. Neither the league nor ECB, are qualified or allowed to give advice on Managed Migration matters. Clubs should be very cautious in attempting any registration of overseas players.

QUALIFICATION OF CRICKETERS TO PLAY FOR ENGLAND

Subject to the overriding discretion of the ECB, acting with the consent of the International Cricket Council, a Cricketer will only be qualified to play for England in a Test Match or in a One Day International Match if:-

- a) He/she is British Citizenship and,
- b) He/she was either born in England/Wales, or has been residing in England or Wales for the last three years (for a total of 210 days per year (April-March) each year
- c) Not played as a local player in professional international or domestic cricket in a Full Member country within the last three years

In the case of a Cricketer seeking to become qualified through residency above he/she will (until he has become qualified to play for England) only be treated as having been resident within England and Wales for the relevant consecutive period if he/she has spent a minimum of 210 days in each year within England and Wales (for which purpose year shall mean a year ending 31st March).

Definitions

England and Wales means England, Wales, the Channel Islands and the Isle of Man.

The EEA means the European Economic Area and includes each of its member states as from time to time applicable. Currently the EEA comprises the United Kingdom of Great Britain and Northern Ireland, the Republic of Ireland, Belgium,

the Netherlands, Luxembourg, France, Italy, Germany, Denmark, Greece, Spain, Portugal, Austria, Finland, Sweden, Norway, Liechtenstein, Iceland, Cyprus (Greek part), Czech Republic, Estonia, Hungary, Latvia, Lithuania, Malta, Poland, Slovakia, Slovenia, Bulgaria and Romania and includes each of its member states as from time to time applicable.

Residing and Resident mean the occupation of a bona fide home (i.e. the only or main home of the Cricketer concerned) and the acquisition of temporary accommodation during the season may not fulfil this requirement.

Full Member Country means a country which is a full member of the International Cricket Council.

QUALIFIED CRICKETER OR OVERSEAS PLAYER?

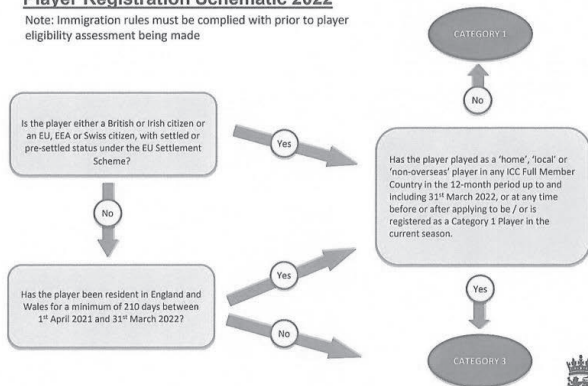

The following is a guide only to what is a Qualified Cricketer (Category 1 Player), according to ECB regulations, or an Overseas Player. The responsibility for checking under which category a player should be registered rests solely with the club. Cases of possible doubt must be cleared with the Administrator before the player appears in a League or Cup match. Fielding an ineligible player makes the club liable to disciplinary action.

Note; holding a UK passport does not necessarily mean a player is eligible as a Category 1 player;

Player Registration

Player Registration Schematic 2022

Note: Immigration rules must be complied with prior to player eligibility assessment being made

Procedure

All Players must be registered on play-cricket.com and approved by the Administrator of the League. Category 2 players are NOT allowed to play in the Worcestershire County League.

Category 1 players who were registered with a Club during the previous season, will not be required to re-register unless they change Clubs. Clubs must re-register all Category 1 (Overseas Amateur) and Category 3 players, **each season.**

All Category 3 players must be registered with the Administrator of the League, with the relevant documentation, 48 hours before the player is eligible to play in a 1st XI match.

Players Moving Clubs

A player wishing to move to a Club in the WCL will need to apply for a transfer on-line via the play-cricket.com platform. The deadline for transfers from club to club is 5:00 pm on 30th June annually. The Club that the player wishes to transfer to, is required to submit an on-line transfer request (see how to apply for a transfer). Once the on-line transfer has been submitted by the Club who wish to transfer the player, the League Administrator or the WCL Cricket & Registrations Sub Committee Chairman shall approve the request after 7 days during the season or 14 days out of season (unless the club from which the player is moving from agrees to the transfer sooner).

A club may only refuse sanction of movement where a player may be in debt to that Club or for disciplinary reasons. A player transferred from another ECB Registered Cricket Club after 5pm on 30th June shall be ineligible to play in 1st XI League matches for the remainder of that season. After that date, a transfer can only be sanctioned by the administrator after reference to the Chairman of the Cricket & Registrations Sub Committee.

Following the transfer deadline (30th June annually) if a players registration is removed and that player has previously played in any cricket played under ECB auspices during the current season the situation will be viewed as a transfer. A dispensation may be allowed by the Cricket Sub Committee Chairman for reasons such as Welfare or if a player moves residence.

Dual Club Registration

Dual Club Registration applies only to players who wish to be registered for no more than two different clubs in the Worcestershire County League (WCL). In any normal season Dual Club Registration is only allowed in Division Seven (North & South) and below. No player may be registered for more than one club in the WCL unless approval is given by the Administrator or the WCL Cricket & Registrations Sub Committee Chairman.

Dual League/Club Registration

Dual League/Club Registration applies to players wishing to be registered for no more than two different clubs (one in the WCL and another club in another

League that allows dual league/club registration situated in the UK). Should the 'other' League not allow Dual League/Club registration then the player will need to be transferred from his/her parent club to become eligible to play for his/her other associated team. Registration will be granted when a player is in full time education (or any part of the National Services) and the other League agrees to Dual League/Club Registration and the Administrator/WCL Cricket & Registrations Chairman is/are satisfied that it is not practical for the player to return to play for his/her 'Parent' WCL club at weekends. Whilst registered for another club in another League the player may not return and play for his/her 'Parent' WCL club unless he/she is available for three consecutive League matches Clubs may apply to register a scheme of dual registration for any player they would like to register with another club in addition to their 'Parent' club. however, a player can only be registered to a maximum of two clubs (his/her 'Parent' club and another club).

The Chairman of the WCL Cricket & Registrations Sub Committee reserves the right to refuse dual League/Club registration in certain circumstances.

Unregistered Players

Unregistered players are permitted to play in matches in Division Five and below up to and including the last match of the season, as long as the player is registered on play-cricket.com within 6 days of the completion of the match.

De-Registration

Players who move to a Club, outside of the WCL, **after the season has commenced**, must be de-registered **within 48 hours** of the transfer being approved. A Club may not hold a Player's registration if he moves to a Club in another League.

WELFARE

- (a) Except as countermanded by a local playing condition, all league clubs must comply with all the current ECB Directives and guidelines including adopting the ECB Directive on Safeguarding of Children.
- (b) All League clubs must have a trained Safeguarding Officer on their club committees. Clubs are encouraged to ensure that all those with direct contact with minors (under 18s and below) hold an up to date Cricket DBS certificate. The Safeguarding Officer can assist with this process.
- (c) With regards to procedures for Discipline the Worcestershire County League along with all other Leagues within its region has adopted and implemented the policies and procedures advised in the ECB General Code of Conduct. Full details of all procedures are provided in a separate document that can be downloaded from the WCL website. It should be noted that these new regulations include not just players but coaches, officials and spectators attending a match,,
- (d) For all League and cup matches, there shall be a lower age limit, ALL players must be 12 years of age or older on 31st August of the previous year. An exception will be made for any player who is 11 years old (under 12) at 31st August of the previous year if they are shown to be included in a County Squad for that age group in lists supplied before the season by their relevant County Cricket Board. All players over 11 and under 14 on the date of the match must complete a League Young Player Consent Form which is obtainable from the League Administrator and available to be downloaded from the WCL website; www.worcscl.org. The form must be delivered to the Administrator at least 24 hours before the match. This form will contain assurances from Parents, the club and the County Boards Performance Team that the player is able and competent to play. This consent form will remain in force until the player reaches their 14th birthday.

ECB Directives

ECB Fast Bowling Match Directives

Age	Max. overs per spell	Max. overs per day
Up to 13	5	10
U14, U15	6	12
U16, U17, U18, U19	7	18

For the purpose of these Directives a fast bowler is defined as a bowler to whom a wicket keeper in the same age group would in normal circumstances stand back to take the ball.

Having completed a spell the bowler cannot bowl again, from either end, until the equivalent number of overs to the length of his* spell have been bowled from the same end. A bowler can change ends without ending his current spell provided that he bowls the next over that he legally can from the other end. If this does not happen his spell is deemed to be concluded. If play is interrupted, for any reason, for less than 40 minutes any spell in progress at the time of the interruption can be continued after the interruption up to the maximum number of overs per spell for the appropriate age group. If the spell is not continued after the interruption the bowler cannot bowl again, from either end, until the equivalent number of overs to the length of his spell before the interruption have been bowled from the same end. If the interruption is of 40 minutes or more, whether scheduled or not, the

bowler can commence a new spell immediately.

In matches of 20 overs or less per team where the competition regulations only allow bowlers to bowl less than or equal to the number of overs specified as the maximum in a spell in the Directives the provisions requiring an equivalent number of overs from the same end to have elapsed before a subsequent spell can commence shall not apply (e.g. in any age group competition where a maximum of 4 overs per bowler is allowed these may be bowled at any time in the innings irrespective of the number of spells bowled).

Once a bowler covered by these Directives has bowled in a match he cannot exceed the maximum number overs per day for his age group even if he subsequently bowls spin. He can exceed the maximum overs per spell if bowling spin, but cannot then revert to bowling fast until an equivalent number of overs to the length of his spell have been bowled from the same end.

If he bowls spin without exceeding the maximum number of overs in a spell the maximum will apply as soon as he reverts to bowling fast. Captains, Team Managers and Umpires are asked to ensure that these Directives are followed at all times.

For guidance it is recommended that in any 7 day period a fast bowler should not bowl more than 4 days in that period and for a maximum of 2 days in a row. Age groups are based on the age of the player at midnight on 31st August in the year preceding the current season.

*Any reference to he/his should be interpreted to include she/her.

ECB Safety Guidance on the Wearing of Cricket Helmets by Young Players

In February 2015 the England and Wales Cricket Board (ECB) issued updated safety guidance on the wearing of helmets by young players up to the age of 18. In brief, the guidance recommends that:

- helmets with a faceguard or grille must be worn when batting against a hard cricket ball in matches and in practice sessions
- young players should regard a helmet with a faceguard as a normal item of protective equipment when batting, together with pads, gloves and, for boys, an abdominal protector (box)
- young wicket keepers must wear a helmet with a faceguard, or a wicketkeeper face protector when standing up to the stumps.

The ECB has recently announced new helmet safety measures, which are being introduced with a view to reducing the risk of head and facial injuries within the game. The purpose of this brief note is to assist Leagues and Clubs at the recreational level to understand the key elements of these changes and what they mean.

Players over the age of 18

The ECB strongly recommends that all adult recreational cricketers should wear helmets for certain activities, preferably which meet the most recent British Safety Standard (see below). This recommendation applies to batting against all types of bowling, wicket-keepers standing up to the wicket (who may as an alternative wear face protectors) and fielders fielding closer than eight yards from the batsman's middle stump, except behind the wicket on the off side (i.e; in the slip cordon, gully or a deeper backward point).

Under 18s

The position in relation to Under 18s currently remains unchanged, and is governed by the 'ECB Guidance on the Wearing of Cricket Helmets by Young Players' (www.ecb.co.uk/youngplayershelmetguidance). In essence, batsmen

and wicket-keepers standing up to the stumps must wear head protection when playing or practising. That Guidance should be referred to in full for the position in relation to u18s.

British Safety Standard

The latest British Safety Standard is BS7928:2013 (for both adults and juniors). The full list of helmets meeting this standard is available at www.ecb.co.uk/helmet. With the assistance of schools, cricket clubs and leagues, the wearing of helmets by young players is now standard practice in cricket throughout England and Wales.

For wicket-keeping face protectors the relevant British Safety Standard is BS7929-2:2009 (again, for both adults and juniors). The ECB understands that there is currently no specific women's helmet and as a consequence no specific standard for women's cricket helmets. As the size of the standard women's cricket ball is between the standard men and junior balls, it is recommended that women use helmets that have been tested against both the men's and junior sized ball, or at least against the junior size ball (as that could potentially get through the gap above the face guard on a men's helmet).

What do Leagues and Clubs need to do?

Whilst it is strongly recommended that all adult recreational cricketers wear helmets in the on-field circumstances detailed above, it is not mandatory for them to do so. For the avoidance of doubt, Leagues or Clubs do not need to go above and beyond the ECB's recommendation by forcing their cricketers to wear helmets. However, Leagues and Clubs in recreational cricket should ensure that their cricketers are made aware of the ECB's above recommendation in relation to helmets, including the need to check that any newly purchased helmets meet the latest British Safety Standard. The ECB recommends that Leagues and Clubs bring the link above i.e (www.ecb.co.uk/helmets) to the attention of their cricketers and encourage all cricketers to carefully consider their own health and safety regarding helmet use. Leagues and Clubs should always ensure that they have adequate public liability insurance (covering a liability of a minimum £5m – as required to achieve Club Mark accreditation).

Helmets are widely available and are covered by an updated British Standard (BS7928:2013). A face protector represents an alternative head protection system for young wicket keepers. Wicketkeeper Face Protectors are covered by a new British Standard (BS 7928 – 2 :2009). The ECB strongly recommends that wherever possible junior players use head protectors that have been tested against junior sized cricket balls.

Parental or guardian written consent allowing a young player not to wear a helmet should not be accepted in any form of cricket.

This guidance applies to all players up to the age of 18, both in adult cricket and in all junior cricket played with a hard cricket ball.

The guidance also applies during all practice sessions. Any individual taking responsibility for players should take all reasonable steps to ensure that this guidance is followed at all times.

The ECB asks that the guidance is communicated to the parents or guardians of all young players through clubs and schools, and that young players are not allowed to bat or stand up to the stumps when keeping wicket against a hard ball without wearing appropriate protection.

Recruitment

No League Club or any officer, member or supporter of a League Club shall, during the season, approach a player belonging to or playing with another League Club with the object of obtaining his services without first consulting the Secretary of the Club with whom the player is or was last playing. Evidence of such approaches may, at the Management Committee's discretion, result in disciplinary action being taken.

Promotion & Relegation

Promotion and relegation shall, unless otherwise determined by the WCL Management Committee, be on a two up/two down basis each season. Exceptions to this shall be;

- (i) WCL Premier Division to Birmingham & District Regional Premier League (B&DRPCL) Play Offs; if a club does NOT comply with the mandatory criteria outlined in the B&DRPCL Club Accreditation document the club in question shall not be eligible to play in the B&DRPCL Play Offs. The B&DRPCL will then invite the next best qualifying team to represent the WCL in the B&DRPCL Play Offs.
- (ii) WCL Division One to WCL Premier Division; If a club does not comply with the mandatory criteria outlined within the WCL Club Accreditation document the club team in question shall not qualify for promotion in to the Premier Division. Dispensation may be available should the team demonstrate its ability to fulfil the criteria prior to the start of the following season.
- (iii) WCL Division Two to WCL Division One, if a club does not comply with the mandatory criteria outlined in the WCL Club Accreditation document the club in question shall not qualify for promotion into Division One. Dispensation may be available should the team demonstrate its ability to fulfil the criteria prior to the start of the following season.
- (iv) In all other Divisions clubs MUST comply with the WCL Club Accreditation document to ensure promotion. Should they NOT comply then they shall not qualify for promotion into the next higher division. Dispensation may be available should the team demonstrate its ability to fulfil the criteria prior to the start of the following season.
- (v) Should a situation arise where a number of clubs in the same division DO NOT comply with the Club Accreditation requirement for promotion the decision on promotion and/or relegation shall be decided by the WCL Management Committee.

Infringement of Rules

A member Club which, in the opinion of the WCL Management Committee, infringes any of the Rules, Playing Directives or Conditions of the League or the Laws of Cricket (including the spirit thereof) shall have such points deducted, be fined, expelled, or otherwise dealt with as the Management Committee shall determine. In addition, the WCL Management Committee may decide to deduct points for persistent breaches of the Club Accreditation document or failure to complete Captains and Umpires Report forms where appropriate.

Disputes

In all disputes the decision of the WCL Management Committee shall be final. In its discretion the WCL Management Committee may refer any dispute to the England & Wales Cricket Board for guidance.

WORCESTERSHIRE COUNTY LEAGUE LEAGUE KNOCK-OUT COMPETITIONS RULES

1. Matches to be of 20 six ball overs per side. The scheduled start time for each match shall be 18:15 pm and from that the scheduled end of the first innings shall be calculated. A clock must be visible from the pitch for this process.
2. The team fielding first MUST bowl their 20 overs in a maximum of 1 hour and 20 minutes (80 minutes), failure to do so will mean that the team batting second will only receive the number of overs completed in this time. If after 80 minutes (no time allowances for time lost) less than 20 overs have been started, the remaining over or overs must be completed and then the second innings is reduced as stated. In addition, six penalty runs will be awarded to the opposition for every over not started in time. If the overs are reduced the time for completing the first innings will be reduced proportionately.
3. Matches to commence at 6.15pm, except the Final, which will commence at 6.00pm.
4. Seven players must be available 5 minutes before commencement or offending side is deemed to have lost the toss.
5. A bowler may bowl a maximum of 20% of the innings overs (Maximum of 4 overs per bowler in a 20 over game) pro-rata down with overs lost
6. Full sized (5.5 oz/156 gram) Pink Balls should be used. Each team is responsible for providing one new pink ball for its own innings. Furthermore, the Home Team is responsible for providing an adequate number of spare balls of suitable condition. The League will provide balls for the Semi-Finals and Finals stages of each competition. Pink balls can be sourced from both local and national suppliers
7. In delayed starts one over shall be deducted for every 4 minutes lost. The number of overs shall then be arranged so that both teams have the opportunity of batting for the same number of overs (minimum eight overs per side to constitute a match). For interrupted matches, for every 4 minutes lost, one over shall be deducted from the total number of overs remaining. Wherever possible, the team batting first MUST receive it's full allocation of 20 overs and overs lost should be taken off the second innings until 8 overs are remaining, then overs are taken form the first innings.
8. Innings can never be reduced to less than 8 overs but if the second innings is less than the first, the result will be based on a pure runs per over calculation.
9. For each match there shall be an area bounded by two semi-circles centred on each middle stump, each with a radius of 30 yards and joined by a parallel line on each side of the pitch. The "boundary" of the fielding restriction area should be marked with white plastic or rubber discs (7" diameter) at intervals of no more than 8 yards. (minimum of 29 discs required). Additionally white painted dots or a continuous painted white line may be used. At the instant of delivery, no more than five fielders shall be permitted outside the field restriction area. In the event of an infringement, the striker's end umpire shall call and signal "No ball"
10. If any ball, which after pitching, passes or would have passed above shoulder height of the striker standing upright at the crease the Bowler's end Umpire shall call and signal ' No Ball '

11. Any full pitch delivery above waist height is a “no ball” as is any delivery bouncing more than once before reaching the popping crease. All No-balls shall cost one run each (plus additional runs scored) and shall be re-bowled as a ‘free hit’ (except above shoulder high no balls) which shall be re-bowled as a normal delivery.

12. Umpires are instructed to apply a consistent interpretation in regard to the wide law in order to prevent negative bowling wide of the wicket.

As a guideline to the umpires for the calling of wides on the offside the crease marking detailed in the diagram printed below shall be marked in blue at each end of the pitch.

A wide ball shall be called if, irrespective of where the ball pitches, it passes on the leg side of the striker and the leg stump, despite the striker’s movement. (For additional clarity, a ball that passes between the batsman and the leg stump shall not be called a wide. If a ball is hit by the batsman or if a ball hits any part of his equipment, it shall not be called a wide, irrespective of where it pitched or would have passed.)

If the striker plays a switch hit or a reverse sweep or gets into a position to play such a shot, he shall be deemed to bring the ball equally within his reach on the leg side as on the off side. Consequently, in these circumstances 8.3 shall not apply and the guidance given in 8.2 shall apply on both the off side and the leg side.

Each wide shall cost 2 runs (plus additional runs scored) and shall only be repeated in the final over of an innings where the cost shall be one run (plus any additional runs scored).

13. With the exception of the 5 run penalty for the ball hitting a stationary fielding helmet (LAW 41.3) and penalty runs for non-started first innings overs there will be no penalty runs awarded unless panel umpires are officiating.

14. If scores finish level, the winner to be the team which (a) loses least wickets, b) scores most runs from the bat, thereafter (c) the toss of a coin. In the Final if (a) and (b) are equal the Trophy will be shared.

15. Category 2 players are ineligible to play in all WCL Knockout Competitions. All players must be registered players for the club. See eligibility to play in all competitions below for further player qualification criteria.

16. The Final will be played on a neutral ground as advised by the WCL

17. It is the responsibility of the side drawn at home to contact the side drawn away and offer suitable dates (giving suitable notice) for the match.

18. The **SUMMARY SCORECARD** of all Mid-Week Knockout matches **MUST** be uploaded on to the play-cricket.com system by the **WINNING TEAM CAPTAIN** as soon as possible following completion of the match. **The FULL SCORECARD MUST** be uploaded on to the play-cricket.com system no later than 48 hours following completion of the match.
19. The decision of the Administrator in all matters shall be final.
20. **Bowl outs in Finals** - Each team shall nominate five players to bowl at a standard set of wickets (stumps plus bails) with a standard ball, and from the normal 22 yards. A bowler from the home team shall bowl first, followed by one from the away team, bowlers 2-5 will then bowl in turn. The team with most direct hits, dislodging the bails, shall advance to the next round.

Should the number of hits be equal, a "sudden death" phase shall commence, with one further player from each team alternating to bowl at the wickets, until one team's representative score a hit and the other does not. No player shall bowl a second attempt until all players from that team have made one attempt. Should the result remain equal after all players from the team have made an attempt, the bowl out should continue as "sudden death" with players bowling in the same order as they did the first time through their team's rotation..

**Eligibility to play in the KO Cup Competition, the Shield
Competition & the Carter Cup is as follows;**

Preliminary Round & 1st Round

A player who has played two (2) or more matches for a higher ranked team is ineligible

2nd Round/Quarter-Final

A player who has played three (3) or more matches for a higher ranked team is ineligible

Semi Final

A player who has played four (4) or more matches for a higher ranked team is ineligible

Final

A player who has played five (5) or more matches for a higher ranked team is ineligible

A player must have played a minimum of FIVE (5) games for the associated team during the season to be eligible to play in the Final - only the League Administrator/Cricket & Registrations Sub Committee Chairman may approve a player who has not.

SUNDAY SLAM COMPETITIONS

100 BALL CRICKET

- It's 100 balls per innings. Whoever scores the most runs wins.
- The fielding side change ends after 10 balls.
- Bowlers deliver either five or 10 consecutive balls. The captain decides.
- Each bowler can deliver a maximum of 20 balls per game.

TIMEOUT

- Each bowling side gets a strategic timeout of up to two and a half minutes.
- The coach can walk out to the middle of the ground and discuss tactics with their players mid game.

With only 100 balls per side every ball will be crucial in The Hundred

POWERPLAY

- A 25-ball power-play for each team.
- Two fielders are allowed outside of the initial 30-yard circle during the power-play.

GAME LENGTH

- A match of The Hundred will last two and a half hours (including a 10 minute break between innings).

SUNDAY SLAM COMPETITIONS

RULES

1. Innings to be of 100 balls per innings.
2. The fielding side changes ends every 10 balls
3. Bowlers will deliver either 5 or 10 balls at a time, the Captain decides.
4. A bowler may bowl a maximum of 20 balls in a 100 ball innings pro-rata down with balls lost. A minimum of five (5) bowlers must be used during an innings.
5. The team fielding first MUST bowl their 100 balls in a maximum of 1 hour and 10 minutes, failure to do so will mean that the team batting second will only receive the number of balls completed in this time. If after 70 minutes (no time allowances for time lost) less than 100 balls have been started, the remaining balls must be completed and then the second innings is reduced as stated. In the event of a team failing to be in a position to bowl the final set of five (5) balls of the innings on time the full quota of balls shall be completed and one fewer fielder shall be permitted outside the fielding restriction area in than would normally be the case in the Power-play in progress at the time.
6. Seven players must be available 5 minutes before commencement or the offending side is deemed to have lost the toss.
7. Category 2 players are ineligible to play in all WCL Knockout Competitions. All players must be registered players for the club. See below for further player qualification criteria.
8. Full size Pink balls (5.5oz/156 gram) should be used. Each team is responsible for providing a new Pink ball for its own bowling innings. The home team is responsible for providing an adequate amount of suitable spare balls. The league will provide balls for the final's day.
9. Coloured clothing can be worn but is NOT mandatory. Teams who are going to play in coloured clothing should notify their opposition at least three days prior to match day.
10. In delayed starts 10 balls shall be deducted for every 7 minutes lost. The number of balls shall then be arranged so that both teams have the opportunity of batting for the same number of balls (minimum 40 balls per side to constitute a match). For interrupted matches, for every 3.5 minutes lost, 5 balls shall be deducted from the total number of balls remaining. The number of balls shall then be arranged so that both teams have the opportunity of batting for the same number of balls, should an uneven number of balls be left following the calculation the number of balls should be rounded up to the nearest five.
11. An Innings can never be reduced to less than 40 balls but if the second innings is less than the first, the result will be based on a pure runs per ball calculation.
12. For each match there shall be an area bounded by two semi-circles centred on each middle stump, each with a radius of 30 yards and joined by a parallel line on each side of the pitch. The "boundary" of the fielding restriction area should be marked with white plastic or rubber discs (7" diameter) at intervals of no more than 8 yards (minimum of 29 discs required).
Additionally white painted dots or a continuous painted white line may be used.

13. For the first 25 balls of each innings at the instant of delivery (in a 100 ball an innings match) no more than two fielders are allowed outside the inner 30 yard field restriction area. For the remainder of the at the instant of delivery, no more than five fielders shall be permitted outside the inner 30 yard field restriction area. In the event of an infringement, the striker's end umpire shall call and signal "No ball". Pro rata down with balls lost.
14. If any ball, which after pitching, passes or would have passed above shoulder height of the striker standing upright at the crease the bowler's end Umpire shall call and signal ' No Ball '
15. Any full pitch delivery above waist height is a "no ball" as is any delivery bouncing more than once before reaching the popping crease. All No-balls shall cost one run each (plus additional runs scored) and shall be re-bowled as a 'free hit' (except above shoulder high no balls) which shall be re-bowled as a normal delivery.
16. Umpires are instructed to apply a consistent interpretation in regard to the wide law in order to prevent negative bowling wide of the wicket.

As a guideline to the umpires for the calling of wides on the offside the crease marking detailed in the diagram printed below shall be marked in blue at each end of the pitch.

A wide ball shall be called if, irrespective of where the ball pitches, it passes on the leg side of the striker and the leg stump, despite the striker's movement. (For additional clarity, a ball that passes between the batsman and the leg stump shall not be called a wide. If a ball is hit by the batsman or if a ball hits any part of his equipment, it shall not be called a wide, irrespective of where it pitched or would have passed.)

If the striker plays a switch hit or a reverse sweep or gets into a position to play such a shot, he shall be deemed to bring the ball equally within his reach on the leg side as on the off side. Consequently, in these circumstances Law 8.3 shall not apply and the guidance given in 8.2 shall apply on both the off side and the leg side.

Each wide shall cost 2 runs (plus additional runs scored) and shall only be repeated in the final over of an innings where the cost shall be one run (plus any additional runs scored).

17. With the exception of the 5 run penalty for the ball hitting a stationary fielding helmet (Law 41.3) and penalty runs for non-started first innings overs there will be no penalty runs awarded unless panel umpires are officiating.

18. If scores finish level in the group stages the winner shall be the team which;
- loses least wickets,
 - scores most runs from the bat, thereafter
 - the match shall be deemed a tie.

In later KO stage matches should (a) and (b) above be equal then a 'Frantic Five' match shall be played to decide the winner. Frantic Five matches shall be played using the Sunday Slam rules with the additions of;

- The team that batted last in the first match shall bat first in the 'Frantic Five'
 - Each innings lasts 5 balls (which must be bowled by one bowler)
 - The team with the most runs wins, If scores are equal the team with most runs of the bat wins, If scores are still equal a bowl out shall be contested.
19. **Bowl outs in Finals** - Each team shall nominate five players to bowl at a standard set of wickets (stumps plus bails) with a standard ball, and from the normal 22 yards. A bowler from the home team shall bowl first, followed by one from the away team, bowlers 2-5 will then bowl in turn. The team with most direct hits, dislodging the bails, shall advance to the next round. Should the number of hits be equal, a "sudden death" phase shall commence, with one further player from each team alternating to bowl at the wickets, until one team's representative score a hit and the other does not. No player shall bowl a second attempt until all players from that team have made one attempt. Should the result remain equal after all players from the team have made an attempt, the bowl out should continue as "sudden death" with players bowling in the same order as they did the first time through their team's rotation.
20. Player eligibility shall be forwarded to all entrants prior to the commencement of the season.
21. The Final will be played on a neutral ground as advised by the WCL
22. In the Group stages, wherever possible, all teams shall be drawn in Groups of 3 or 4. It is then the responsibility of the home team to contact the other teams in its group to confirm dates for matches. Once confirmed it is the home teams responsibility to upload the newly confirmed date onto the play-cricket.com system.
23. **WINNERS TO NOTIFY RESULT TO UPLOAD SUMMARY SCORECARD ONTO THE PLAY-CRICET.COM SYSTEM NO LATER THAN 24 HOURS FOLLOWING COMPLETION OF THE MATCH.**
24. The decision of the Administrator in all matters shall be final.

GROUND AND FACILITIES CRITERIA

Working in partnership with the Birmingham & District Regional Premier Cricket League and the WCL Facilities Sub Committee, the WCL Management Committee introduced a new Club Accreditation Document (Part One – Facilities Audit) and Part Two (Affiliation & Administration). This new document identifies four different Bands of criteria within it (Band A to Band D).

The purpose behind this new document is to help clubs identify gaps in provision and to promote an improvement in the standards of club facilities and administration across the county to ensure all players, volunteers, officials and administrators can experience the best facilities and service applicable to their level

All member clubs must comply with the ground and facilities criteria, as prescribed by the Management Committee, copies of which can be downloaded from the WCL website; www.worcscl.org Paper copies are available from the League Administrator. Failure to comply with the criteria may lead to a disciplinary sub-committee hearing and may result in relegation or other penalty.

Promotion within Worcestershire County League or to Birmingham and District Premier Cricket League will only be confirmed if all mandatory (M) items for the higher division are either in place by the end of the current season or are covered by a signed Declaration by the Club's Chairman and Delegate, including documentary and/or financial evidence where applicable, that confirms that the requirements for the higher Division will be in place by 31st December of that year. Any club, whose current facilities would debar them from promotion to a higher division, will be notified immediately after an inspection, and made aware of the deficiencies and the improvements necessary to be eligible for promotion.

All Member clubs will be subject to a rolling program of Ground and Facilities Audit. The criteria and expectation for the Audit will be set out in the accreditation document (either Band A, B, C or D – the highest Band of cricket currently being played at the ground being audited). Clubs are advised to use the new WCL Club Accreditation Document (Part One – Facilities Audit & Part Two – Affiliation & Administration) to conduct a “self-audit” of both facilities and administration every year for each ground used whether owned or hired. If they are not meeting any of the criteria, they should submit a list of the areas concerned to the Administrator together with their plans to address the issues. The Chairman and Delegate of the Club must sign a declaration and undertaking, on behalf of the Club, agreeing to remedy the deficiencies found, within specified time scales.

When the declaration and undertaking have been signed, the Management Committee will advise the Club of the sanctions, which will be imposed if the Club fails to complete all or any of the deficiencies within the agreed time scales.

If the Management Committee considers that the defects are sufficiently serious, failure to rectify the agreed deficiencies within the agreed time scales may result in the Club being relegated from their current Division, in such cases the club will have the right to appeal but should not assume that leniency will be shown where the “Raising of Standards” is concerned. Clubs in this situation will be regularly visited by the Management Committee.

Clubs in the Premier Division of the Worcestershire County League should be aware that all mandatory criteria as outlined for Band A teams/clubs in the WCL Club Accreditation Document (Part One & Part Two) and furthermore all mandatory criteria as required in the Birmingham & District Regional Premier Cricket League Club Accreditation Document must be met during the season in order to qualify for the Birmingham & District Regional Premier League play-offs as Worcestershire County League Champions. Any club who does not meet these Club Accreditation standards will not become WCL Champions as the WCL

Management Committee reserves the right to impose a points penalty which will ensure the Championship title is out of reach.

All teams eligible for promotion from WCL Division 1 must be able to certify that, at the end of a season in which they qualify, they will be in a position to satisfy all WCL Premier Division mandatory criteria (as outlined in the WCL Club Accreditation document for Band A teams) in order for promotion to be granted. Any club who does not meet the WCL Premier Division (Band A) Club Accreditation standards will not be granted promotion to the WCL Premier Division as the WCL Management Committee reserves the right to impose a points penalty which will ensure the promotion is out of reach.

All teams eligible for promotion from WCL Division 2 to Division 1 must be able to certify that, at the end of a season in which they qualify, they will be in a position to satisfy all of the required mandatory criteria (as outlined in the WCL Club Accreditation document for Band A teams) in order for promotion to be granted. Any club who does not meet the Band A Club Accreditation standard will not be granted promotion to WCL Division 1 as the WCL Management Committee reserves the right to impose a points penalty which will ensure the promotion is out of reach.

All teams in WCL Divisions 2 to 4 must meet the mandatory criteria outlined for Band B clubs/teams. Any club who does not meet the Band B Club Accreditation standards will not be granted promotion to a higher WCL Division as the WCL Management Committee reserves the right to impose a points penalty which will ensure the promotion is out of reach.

All teams in WCL Divisions 5 to 7 (North and South) and Marches League Division 1 teams must meet the mandatory criteria outlined for Band C clubs/teams whilst teams in Divisions 8, 9 and the Marches Divisions 2 and 3) must meet the mandatory criteria outlined for Band D. Any club who does not meet the Band C or Band D Club Accreditation standards will not be granted promotion to a higher WCL Division as the WCL Management Committee reserves the right to impose a points penalty which will ensure the promotion is out of reach.

Any side who wishes to have the chance to play matches on an ARTIFICIAL pitch must register the fact with the Administrator before the start of the season so that the Management Committee can decide if permission will be granted. Clubs are advised that unless there are exceptional circumstances, permission will not be granted in Divisions Premier to Division 9, however ARTIFICIAL surfaces can be played on in matches in WCL Division 9 (North & South) and Marches Division 2 and 3.

JUDGING THE PERFORMANCE OF LEAGUE CRICKET PITCHES – GUIDANCE NOTES

CONSISTENT BOUNCE (5): a competent batsman can predict the bounce of the ball, because the bounce is similar throughout the match.

SLIGHTLY VARIABLE BOUNCE (4): The ball may 'keep a little low', or 'climb a bit', but this happens rarely during the match, and it does not impede a batsman in displaying his skills, or give a bowler too much help.

OCCASIONAL VARIABLE BOUNCE WHICH IS 'SATISFACTORY' (3): The variable bounce is not excessive, and is only occasional. Generally a batsman is not impeded in displaying his skills, nor does the pitch generally give the bowler too much help.

VERY VARIABLE BOUNCE (2): A competent batsman has problems in predicting the bounce of the ball because, the ball regularly either 'keeps low' or 'climbs' on the batsman. The batsman has to wait to see what height the ball reaches off the pitch before he can decide what shot to play. The bowler gets too much help from the pitch. (ie. It is not a 'fair contest' between bat and ball because of the quality of the pitch.)

EXCESSIVELY VARIABLE BOUNCE (1): The 'climb' of the ball can be really excessive; for example the ball 'explodes' from a length and hits the batsman in the chest. Even good batsmen are concerned at getting hit. There are real concerns for the safety of under 18 players. A pitch which is highly variable, i.e. it can 'keep low' as well as 'take off' is definitely in this category at the least.

DANGEROUS BOUNCE (0): The bounce is so excessive that there is a real danger of injury to all batsmen. The pitch is dangerous. The game should be abandoned.

UMPIRES/CAPTAINS SHOULD TAKE ACCOUNT OF:

1. *'Regularly'* is frequent enough for a good batsman to be inhibited in his shot selection because of the frequency of the variable bounce. (In practice this is probably more than a few times every few overs.) *'Occasional'* is much less frequent, and batsmen are not inhibited in their shot selection. *'Barely'* means a few times in the match (may be when the ball is new) and batsmen are not affected.
2. The quality of the bowling: Is a talented fast bowler able to get more bounce and/or movement than the 'ordinary, Club standard' fast bowler? Is a good spinner able to extract more bounce and/or turn than the 'ordinary, Club standard' spinner? Please do not down-grade the pitch to 'variable' if it is the quality of the bowling which has made the difference.
3. Weather conditions: a rain affected pitch may 'play up' until it dries out, (especially with a new ball) and then it plays fine for the rest of the match. In these cases it is up to the experienced judgement of the umpires (or captains where there are no umpires) to decide how to grade the pitch. (For example, the pitch may be marked 'variable bounce', with an explanation written in the 'Notes' box on the form which is returned to the administrator.)

PITCH CRITERIA

MARK	OVERVIEW	BOUNCE	CARRY	SEAM MOVEMENT	SPIN MOVEMENT
5	Even, 'rock hard' surface with little or no wear, and even grass cover. All players have a very good chance to display their skills.	Even, consistent, stump-high bounce.	Very good, even 'carry' to keeper and slips.	The bowler gains no help from the pitch.	The bowler gains no help from the pitch.
4	Even, hard surface with little wear (especially in the 'protected area') and with even grass cover. All players have a good chance to display their skills.	Even, consistent (or, rarely, slightly variable) stump-high bounce.	Good 'carry' to keeper and slips.	The bowler gains a little help from the pitch.	The bowler gains a little help from the pitch.
3	Pitch looks like it will 'last' for a 90/100 over match. Even, firm surface, but possibly 'worn' in places. All players have a reasonable chance to display their skills.	Occasionally variable bounce. This is not excessive and does not impede a batsman in displaying his skills, or give the bowler too much help.	The pitch can have slow &/ or low bounce which results in poor 'carry' to keeper and slips, but it is 'OK'.	The bowler gains some help from the pitch.	The bowler gains some help from the pitch.
2	Possible signs of lack of preparation. A poor surface - it may be a badly worn pitch &/or one which suggests at the start of the game that it is unlikely to 'last' for the full duration of the game. Bowlers gain too much help.	Very variable bounce. Batsmen find it difficult to display their skills and the bowlers gain too much help from the pitch.	'Carry' to keeper and slips is too variable; it is difficult for these fielders to judge where to stand.	The bowler gains too much help from the pitch.	The bowler gains too much help from the pitch.
1	Lack of any preparation. A very poor surface that obviously will not 'last' for the duration of the game and it could be dangerous. Bowlers gain excessive help.	The bounce is excessively variable. Batsmen have great difficulty in displaying their skills and they are in danger of injury, especially under 18 players. Bowlers gain excessive help from the pitch.	Excessively variable carry which could possibly result in avoidable injury, especially to the keeper.	The bowler gains excessive help from the pitch.	The bowler gains excessive help from the pitch.
0	Complete lack of preparation. It is obvious that the wicket will be dangerous and the game should not be played.	The pitch is dangerous. There is a real danger of injury to all batsmen. The game should be abandoned.	The carry is so variable that there is a real danger of injury. The game should be abandoned.	The game has already been abandoned.	The game has already been abandoned.

THE OUTFIELD

MARK	OUTFIELD EVENESS	APPEARANCE/ GRASS LENGTH	BOUNDARY MARKINGS	SIGHT SCREENS
5	Excellent 'run' to the ball. Fielders have total confidence in the predicted path of the ball.	Very well mown and prepared with excellent grass cover	Fence, rope or line with flags which is prominently visible from both sets of stumps. There is no possibility of confusion for the umpires.	Excellent screens at both ends which cover both 'over and round' bowling with no need for them to be moved. The screens are tall enough to accommodate all but the tallest of bowlers.
4	True 'run' to the ball. Fielders are always able to predict the path of the ball.	Well mown and prepared, with good grass cover.	Rope or line with flags which is clear from both sets of stumps. On rare occasions umpires may need help from fielders.	As for 5, but may not be tall enough for some bowlers, or there is only one screen at one end which needs moving for 'over and round' bowling.
3	Can be uneven in places. Generally consistent run to the ball but there can be occasional variable bounce. Fielders can generally predict the path of the ball.	Mown and prepared for the game, but there can be some uneven areas, such as soccer goalmouths	Rope or line with flags. Umpires are often uncertain whether the boundary has been crossed, and they often have to ask for advice from fielders.	'Standard' sightcreens at both ends, but which both need moving for 'over and round' bowling.
2	Many areas are uneven, resulting in generally uneven 'run' to the ball. Fielders have real problems predicting the path of the ball, and there is some risk of injury, especially to inexperienced players	There are some signs of preparation, but the grass is generally too long.	The boundary is indistinct in places. Umpires have constant problems, and are always having to ask advice from fielders.	Sightcreens at both ends, but they are either in poor condition or are 'on the small side'. Possibly for some reason these sightcreens cannot be moved for 'over and round' bowling
1	A very uneven surface with very uneven 'run' to the ball. Fielders are unable to predict the path of the ball. There is a real risk of injury to all fielders.	There has been a lack of preparation for the game. The grass is definitely too long.	An indistinct boundary, possibly just a few flags. Both umpires and fielders have real problems, and there can be real confusion as to whether a ball has 'crossed the line'.	Either no sightscreen at one end, or two screens which are not 'fit for purpose' – much too small, in very poor condition, unable to be moved etc.
0	Extremely uneven, dangerous surface. The characteristics of the outfield suggest that the game should be abandoned	Total lack of preparation. The outfield is unfit for a meaningful game of cricket.	No boundary markings.	No Sightcreens. Should the game be abandoned, because of the 'health and safety' risks to under 18 players in either team?

Appeals against Penalties for Technical Breaches of Rules and Playing Conditions

Appeals are only allowed against penalties distributed for fielding an unregistered player/s. All other penalties for slow overs rates or any other technical breach shall be final and binding.

Sometimes the cumulative penalties for fielding an unregistered player(s) can become excessive. If a Club believes this to be the case, a Club Official (Hon. Sec or League Delegate) should notify the League Administrator by email no later than 48 hours after receiving the initial notification of penalty.

Once the League Administrator is made aware of the potential intention to Appeal, he/she will confirm receipt and forward an email which informs the club of the procedure to be followed and that any Appeal should;

- be composed and written on the Cricket Appeal Form provided.
- contain all relevant information and mitigating factors that the club wishes to be taken in to account and,
- be received by the League Administrator no later than 7 days following initial contact.

NB; The Appeal should also be accompanied by an initial administration fee of £25 which can be paid either by cheque or bank transfer.

Following receipt of the Appeal and proof of the initial £25 admin fee payment, the League Administrator will forward all relevant documentation received to the Cricket Sub Committee Chairman who shall appoint an independent panel to review the Appeal. The Club may be invited to meet with the Appeals panel if necessary.

Following the Independent review, notification of the decision made will be forwarded to the Club Officials along with details of any further costs that may be incurred during the independent investigation. This will include travel costs.

The decision of the Independent Appeals Panel shall be final and binding.
